What pretty teeth you have, Teresa Barber!

Theme — what is theme? Theme is put into the yearbook so we have a guideline to follow. It brings enlightenment to the whole book. Just think if we did not have a theme, then our yearbook would not be as interesting.

It is not always easy to follow theme. A lot of work and planning must go into it. We, the staff, must decide before school where to put "sections," which are Student Life (what a student does basically everyday or including even the

craziness that gets pulled in), Mugs (which is composed of the students who got their pictures taken on picture day), Sports (where those talented athletes show their stuff), and etc., etc. We must decide how we're going to

title "double space spreads;" these pages are what is seen as the book pages are turned. If the double page is at the beginning of a section, they're two pages that state what is going to be seen next.

The theme this year was

"Recycling The Years." The reason the yearbook staff chose this was that it was our tenth year for a yearbook to be produced at Serrano. The way that we followed our theme was by headlines, quotes, and what we wrote in our copy

It took many hours and headaches to deliver to you the tenth edition of Mirages. So if anyone ever asks what theme is, the answer for 1986-87 was "Recycling The Years."

The new look in hair design were the Banana clips!

Converse and other types of hightops were the active wear at Serrano!

Boots were another big hit in fashion!

The traditional look at Serrano was letterman jackets and jean jackets!

# WHAT'S HOT In Trends

Around school this year you may have asked yourself this question "What's 'hot' in this year's fashions?"

Well, if you haven't noticed, here's what rated high with Serrano student's this year.

Wearing flannel shirts, big bulky sweaters in assorted colors with the ultra comfortable stretch pants, with socks pulled over rated quite high!

Banana comb craze hit this year! Everybody was wearing them. (Guys were the only exception). Big bows were also a big hit.

The girls were rushing out early this year to buy oversize purses. Less jewelry was being worn, and the pretty gold chains were becoming a necessity.

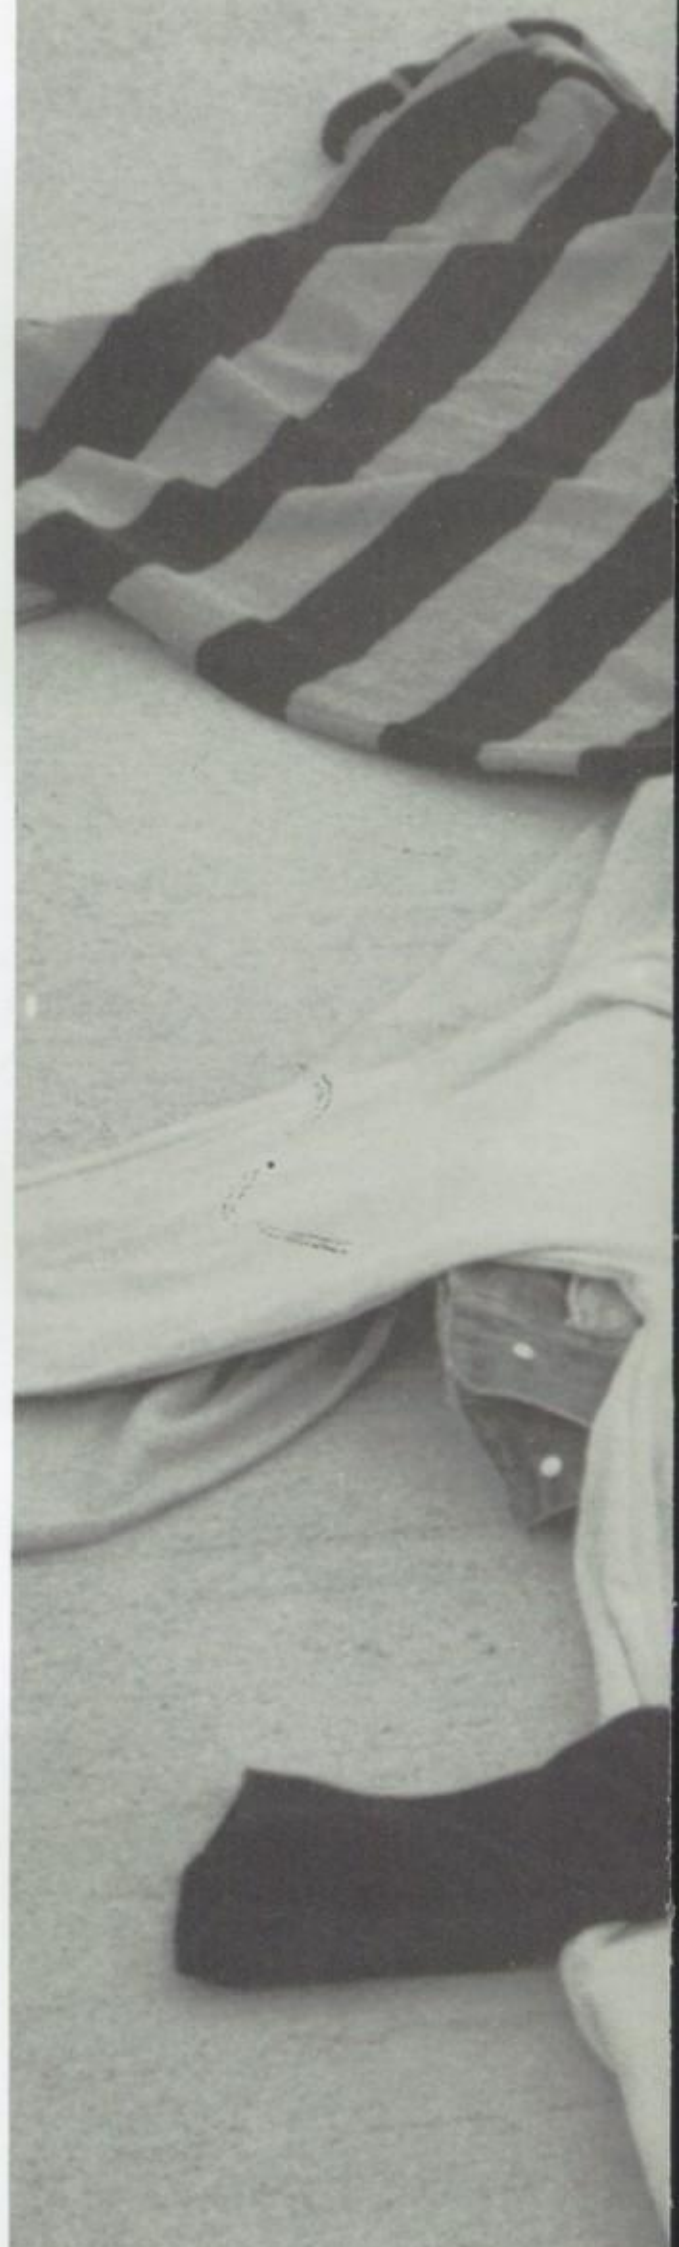

Shoes were a big concern this year; everybody seemed to want Reeboks and Converse! White and black boots with fringe and rhinestones went over like a wave! The new thing this year was shoes with silver in them.

This year's logo of fashion seemed to be "Australian", fashions such as sweatshirts with the British look. Dressing really classy was important this year too.

Of course, there were the ever popular Levi's and jean jackets. The letterman's jackets were seen more this year also.

Styles change year after year, as well as the people, but the need to be stylish remains the same.

The stretch pants and baggy sweaters were definitely the look!

## SOMETHING TO REMEMBER!

The 1986 Homecoming week was considered a success and will go down in the Serrano history books as one of the best.

The festivities began at halftime with the class floats. The prizes were awarded to: First place, "Grooves and Moves" presented by the Dimensions and the Marching Band; Second place, "Feature Creature" presented by the Junior Class; and third place, "Roman Toga" presented by the Senior Class.

Following the floats came the homecoming court. They paraded around the track then was escorted across the field. Kailene Biunno, Karen Hitchcock, Stacy Holman, Marya Piazza, and Kris Rieder were members of the court. As they all waited in anticipation, bright blue balloons were released to announce Marya Piazza, the new 1986-87 Homecoming Queen. Last year's queen, Jennifer Jeavons, crowned Miss Piazza before she took her victory lap.

The game resumed and proved to be the most exciting one yet of the year. Serrano won with a touchdown by Tom Rushing and a P.A.T. by Jason Boyes in the last 19 seconds of the game.

All that was left was the announcement of the Homecoming King. Dan Adams was named and shared a dance with queen, Marya Piazza. The rest of the court soon joined. Tom Rushing, Hoyt Jarrard, Doug Mills, and Derek Vondra chose a partner from the princess.

## Winter

### Formal

Serrano students danced the night away on February 21, 1987. It proved to be a memorable evening for Laurie Bienvenue and Chris Caskey when they were crowned queen and king of the winter court. Princes and princesses consisted of Seniors: Mark McReynolds, John Edgerly, Annalisa Backhaus, and Chris Winkler; Juniors: Brenda Benson and James Flynn; Sophomores: Julie Jeavons and Travis Munden; Freshmen: Lysa Jacobson and Aaron Cole; and Eighth Graders: Vanessa East and Ryan Boyes.

The cafeteria was populated with about two-hundred students dressed in their finest clothes. The room was decorated in red and silver with a staircase to spotlight the court. Music sounded from the speakers of Jeff Stephan.

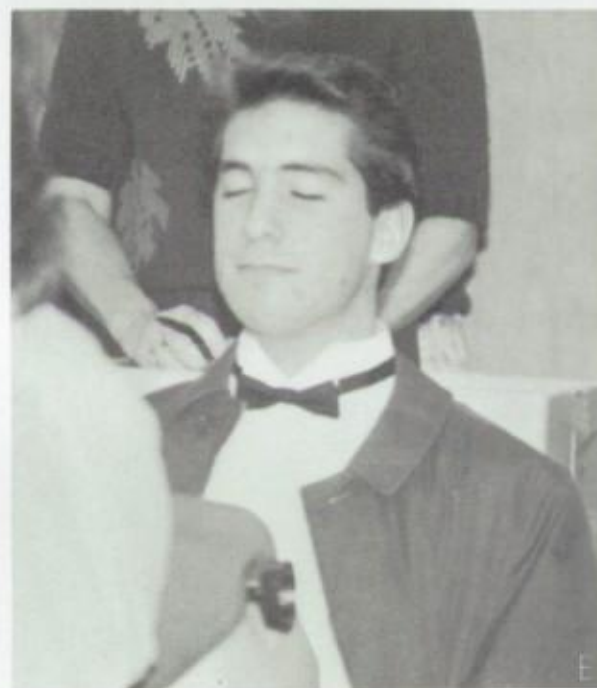

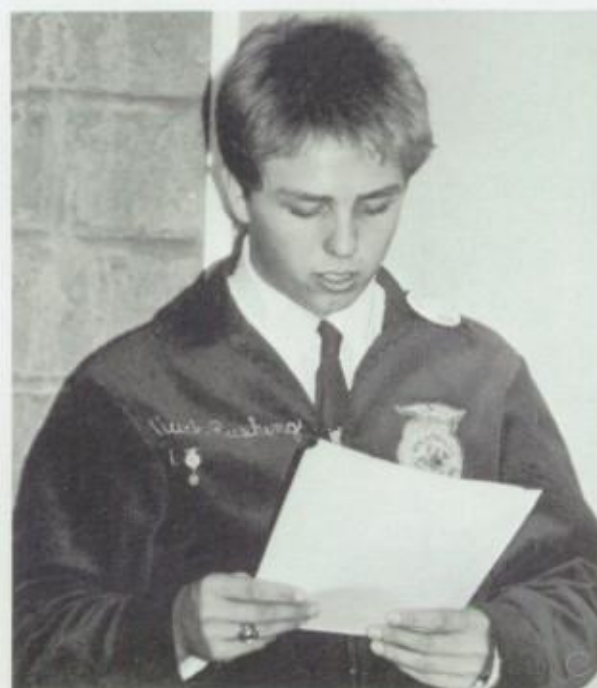

The week before the dance there occurred the usual phenomenal good nature that suddenly appears among the female students. Every girl did her best to get the guy she's been eyeing all year to ask her to this special occasion. For some it worked and for others it didn't, but no matter who the Diamondbackers went with they shared memories that will last a lifetime.

## OUTSTANDING PEOPLE

### AND CLASSES

So many new, as well as old, faces were seen around campus this year. Many of our old friends stayed around to finish out their high school education at Serrano and some left to the "big city," whether by choice or not.?!!

But there were many newcomers here Serrano. This was a very exciting year for Serrano students. The students were offered new courses to choose from and they had many new teachers to teach these new classes.

The hottest new class in the 86-87 year was Life Skills taught by Mr. Ricci. This class offered guidance to many at Serrano by preparing the students for adulthood. It was a well-developed and "fantastically" taught class!!!

One of the most innovative classes was Biology 11 taught by Mr. Piersall. One of the highlights of this course was "THE DISECTING OF CATS!"

The school year ran very smoothly with the help of ASB President, Rob Rob Quinn. Rob did a lot for the school through many fundraisers. Rob also gave guidance to the other class officers.

Credit should be given to Dan Adams, president of the senior class. Dan was a greatly needed asset. He arranged a terrific Hawaiian and Mexican trip. He was also in charge of the Junior/Senior Prom, not to mention Grad-night at Disneyland.

Even though we were minus the seventh graders this year, the school was still overflowing with kids. The halls and classrooms may have been a little tight but no one seemed to mind, after all we were surrounded by friends!!

## Remember When . . .

Remember when you were small and you had all these unique hobbies — like rock collecting, collecting erasers, stickers, or cat-eye marbles. You look at yourself now and realize that you have become a specialist in these hobbies. Many times, day in and day out, you use that fabulous invention of a rubber rounded thing that is stuck into a metal hole on the end of a shaft of wood called a pencil. You have advanced yourself from one who collects rocks to a lover of rocks. Everyday at Serrano you have stopped and gazed at the concrete conglomerate otherwise known as the "abstract artifact," that stands tall in the student quad.

This one's for the males, remember when you gave your best cat-eye marble to your best girl; but now instead of the glass marble you have given her your class ring, which she usually wears around her neck. Stickers never seem to fade out. They seem to appear on everything you have. We have seen them on back of cars. Do you remember a green safari bug that had a lot of bumper stickers on it; well, it was true that Jeff McBride drove this safari mobile with the enormous stickers on the back.

As life moved on in your high school years, so did your interests. You got into clubs, sports, or outside activities. If you can remember back to the F.F.A. club one member who gave her heart and soul and was very dedicated in what she was trying to achieve, was Alice Himes, who was always willing to lend her helping hand. What about the musically talented people? Remember the two who brought harmony to our school, Tammy Sullivan and Cindy Wulff, the dynamic duo who sang with great piazzaz. Remember others who excelled in music, Dawn Klien Serrano's drum major, who really strutted her stuff in the parades and competitions. With Dawn directing Walter Asta, Mike Slavens and Scott Jacobson played with great excellence that brought our band to the top in performance. Those art lovers really knew how to express themselves on paper. Karla Wangler, David McGee, Mindy Nolan, Angie and Tammy Fields, were the ones that stood out as artists. Just a few Leonardo Davinci were present at Serrano.

What about the sports-oriented people. Remember George Fedorka, Juan Quintreo, and Carlos Madden who were outstanding wrestlers in their weight class. "Take it to the hoop" was what Teresa Barber did as she played a center on the girl's basketball team.

Now what about the people who weren't in any activities. They still were unique in their own way, such as Barry Shottafer. Remember when Sixteen Candles came out; he was the look-alike for Farmer Ted. Then he changed his look and was instantly the look-alike for Billy Idol. He even lip-synced well to his songs. We must all agree he was certainly fun to be with.

No matter who you are or what you achieved throughout your high school year's you achieved something that was of great importance. The face that you grew and matured made you too a great achiever.

## **READY TO STAND ALONE**

As we stood in our cherished groups of friends, who gave off a sense of security, we never really thought much of leaving. So many days passed that made it seem that we never had a care in the world. In our freshmen year, the only thing we ever thought about was what we were going to wear from day to day. Then came our sophomore year and we got more involved in sports and school activities, but still nothing seemed to phase

us. Then we approached our second-to-last year, as we were juniors, the thing most important to us was our friends. They were the ones who were going to make our last year great. Then came that magic year, our SENIOR year. It was full of special times, spent with special friends who made lasting memories. But one thing that was on our minds was the fast approaching date of graduation. We could think back to all the times of security in high school, as we stepped out into the world. We did it with pride and integrity, but the time was to come when we were to test our true strength to prove to the world that we were ready to stand alone.

## MR. C&R

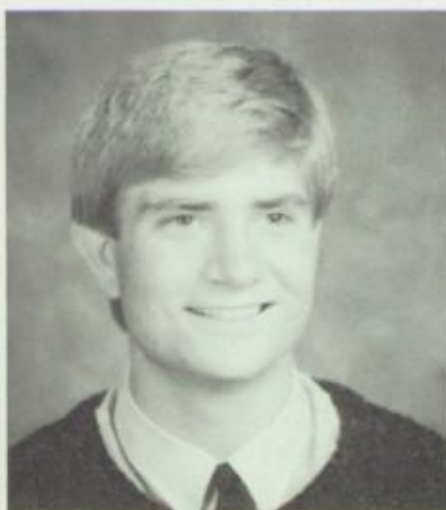

Our "Bud" for life, he was a man who was caring, very charming, willing to do just about anything for his seniors, and still fun to be around. He stuck his neck out for most and he never seemed to want anything in return, except to know that we all put out a 100%. He treated all of us as though we were adults; he would just carry a conversation with his classes as if we were all his close friends. Who was this man who became known as a three-piece-suit daddy, or Mr. C&R? A few more hints: Who always said, "Who's your buddy?" or "Whose your pal?" The one and only Mr. Piercy (Father Flannigan). He

won the respect and admiration of every senior on Serrano's campus. The majority of seniors would have not graduated if it hadn't been for him. He always took that one extra stride that gave the seniors the inspiration to do well. Mr. Piercy gave class members the confidence booster the seniors all appreciated.

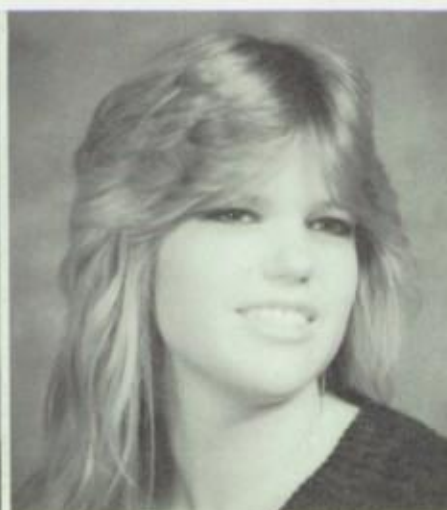

Mr. Piercy, we as the class of '87 thank-you with all our hearts. You supported us, and you made our last year the best it could be. You treated us as adults, but yet you let us be children. You knew it was the last year we had to be childish before we turned to the outside world. Thank-You!!

# TRADITIONS

Traditions are something done year after year; at Serrano, they're many. We always paint the tank with the year of graduation; but, in 1987, we had a little problem. It wasn't painted until late in the year. We also had our senior parking lot, but, with all the seniors who drove and with all the underclassmen who drove, there just weren't enough spaces to park.

The senior lawn, that was a big thing. Almost all seniors, at one time, sat out on the lawn thinking they were "cool" because they were graduating. Well, we were cool because we had seniority over everyone.

Then the biggest and oldest tradition of all, that is SENIORITOUS. Second semester when it started to warm up and we had about three months left, we began trying to stay out of school. We would either lay out, go to a lake, the beach, or just even bum around with friends. Other symptoms were: being late, not doing the dreadful homework that was assigned, and, of course, dropping one class so we had five-class-days.

Making traditions and keeping them made the memories for the class of '87'.

Well the class of 1988 was always full of surprise, just one right after another ; so if one looked around this year and thought to himself who are these people with the stylin' ways of dress and the lingo that wouldn't quit, it was THE JUNIOR CLASS OF 1988!!!!!!!

## '88 IS GREAT

This year the class of 1988 was the smallest class consisting of 162 students but they were "GREAT". They also had a lot of "SPUNK".

Many times through the year we had trials and tribulations with friends, sports, and just the regular school day. With friends it may have been a fight over the new or old boy/girl on campus that you both liked to much, but he or she didn't end up liking you, or just the little petty things friends fight over. Yet we mustn't forget all the laughter that we shared through the friends we saw day in and day out and that there were always more good times than bad.

In sports it could have been "sportsidious" where you just couldn't wait for it to end, or it may have been one of those bad days where nothing ever seemed to go right. Well never the less you made it through the year accomplishing yet another talent or skill.

Oh! Those school days, someday were just not the day to come to school, but you forced yourself to come and for what; to be yelled at by a teacher, to take a test that you forgot to study for, or just to come and vegetate. But there were those good days when you passed your test, when you got asked to the dance by the boy or girl you've been dying to go with, or the day everything was going your way.

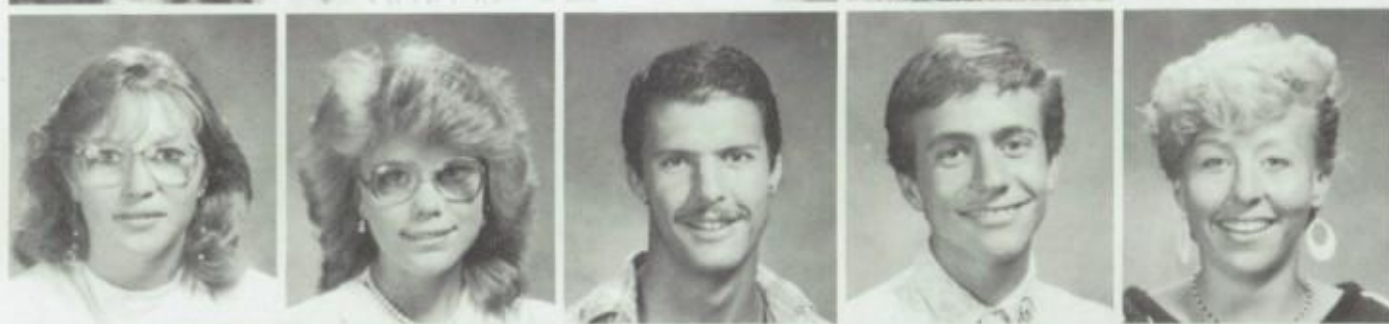

Just wait until next year to find out how really "GREAT" the class of 1988 is.

# SUCCESSING

Every so often one looks back on the years to reflect on himself and others. For most the past has been full of good times, bad times, regrets, and accomplishments. But no one can change the past. He can just hope and work for a better future.

It all gains focus in the sophomore year. Students have to think about what they want to do with their lives and who they want to become. Everyone has the potential and freedom to become whatever he wants to be; as

long as he is willing to work hard enough for it.

This year the sophomores have taken driver's education. This was yet another responsibility, bringing these students closer and closer to becoming adults. Only two more years are left until most of the SOPHOMORE CLASS members will turn the big age of eighteen and be in their last year of high school.

This year has been filled with new friends, teachers, and experiences. Hopefully, the year has been fantastic for everyone.

The class of '89 will get better with age. There will be no stopping the class of '89 from succeeding to greatness.

What a class the freshmen of 1990 were! They were here, there, and everywhere. They were moving around like they all had ants in their pants. They could never sit still; they had to always be doing something.

Yet, the thing that makes them unique from all the rest is their year of 1990. It starts a new decade and the first year towards the turn of the century.

## MOVING FORWARD

The ninth grade students had their first year in sports, clubs, and other outside activities. They endured their character with many different skills, activities, being with friends and coming to school on a regular basis. They had to learn responsibility for themselves, because they were no longer considered children, they were now teenagers on the long stretch towards graduation in 1990. I must congratulate the class of

1990 for making it through their first year of high school, because, I know it wasn't all fun and games and there was tears of pain and tears of joy but you are now moving forward, so way to go FRESHMAN!

One thing about the class of 1990 is that they were so HYPER. They were always on the move, very talkative and loud. so you always knew when there was a freshmen around. Yet they were somewhat manageable because by now they have learned most of the ropes of high school. So whenever you heard a shriek, shrill, or yell, everyone knew it had to of come from a member of the class of 1990.

Ah! The class of 1991, what a remarkable class it was. They've been the runts of the crop for two years. Despite being the runts they have had many ambitions, goals and desires. They came to school just about everyday so they could pick up on the latest gossip, facts, or just to soak up Serrano's atmosphere.

But don't worry, the class of 1991 isn't going anywhere, because they start all over at the end of the rope again, but this time as big freshmen!

## FEELIN' BIG

What's unique about the eight grade class? They're sociable, talkative — as their teachers can tell you — and smiley. They were also the one and only eight grade class in Serrano.

The majority of the students enjoyed being in high school. It made them "feel big." They didn't have to wait an extra year in order to go to the Homecoming Dance and other high school dances except for the Prom.

A set-back for the eight graders was that they could not participate in any of Serrano's sports, but the 8th graders could join the Intramural Program; in which they played against the 7th graders at Pinon Mesa.

The other set-back for the class of '91 was the fact that they were to be the lowest class for the next two years. But that didn't seem to upset too many students of this friendly outgoing class. At least next year they will have the chance to participate in all the high school functions.

A) SWAK!! — Mr. Amberg. B) How does your walkie talk Mrs. Portfield? C) Not in drag, but dragging!! — Mr. Piercy. D) Mrs. Keefer in an action packed pose. E) Ms. Forsberg, killing a student isn't a tax deduction. F) "May I help you?" Diane Jarrard.

# Learning

## Is Living!

During this past year we have obtained many new teachers. These new people included: Mr. Tom Bright; English, Ms. Cindy Smith; French, Ms. Cheri Zuccarelli; Business, and Ms. Sylvia Stewart; Science. These new additions to the staff did a fantastic job teaching and learning. As the days went on the new kids on the block began to feel a little more relaxed and at ease with their new surroundings. But then again there are those kinds of people who just jump right into the swing of things, such as Mr. Bright. Mr. Bright, nearly a babe himself, seemed to fit in right away. His class was tough but not a single student went through the year without reading a novel, a classic selection, or something with educational value, Oh, and how about Ms. Stewart helping out with the Diamondback Dimensions?

Many of the old teachers remained for another year but some decided to move on to bigger and better things. Mr. Bob Tait found himself in the Dean's Office — a little more than he expected!!!

Oh, how did you feel about Ms. Kane as counselor? The last census pole indicated that she did a fantastic job.

How could we ever forget about Margaret Allsup, the former campus aide turned librarian?! She did wonders with that old library. It's remarkable what one person (a woman) can do!

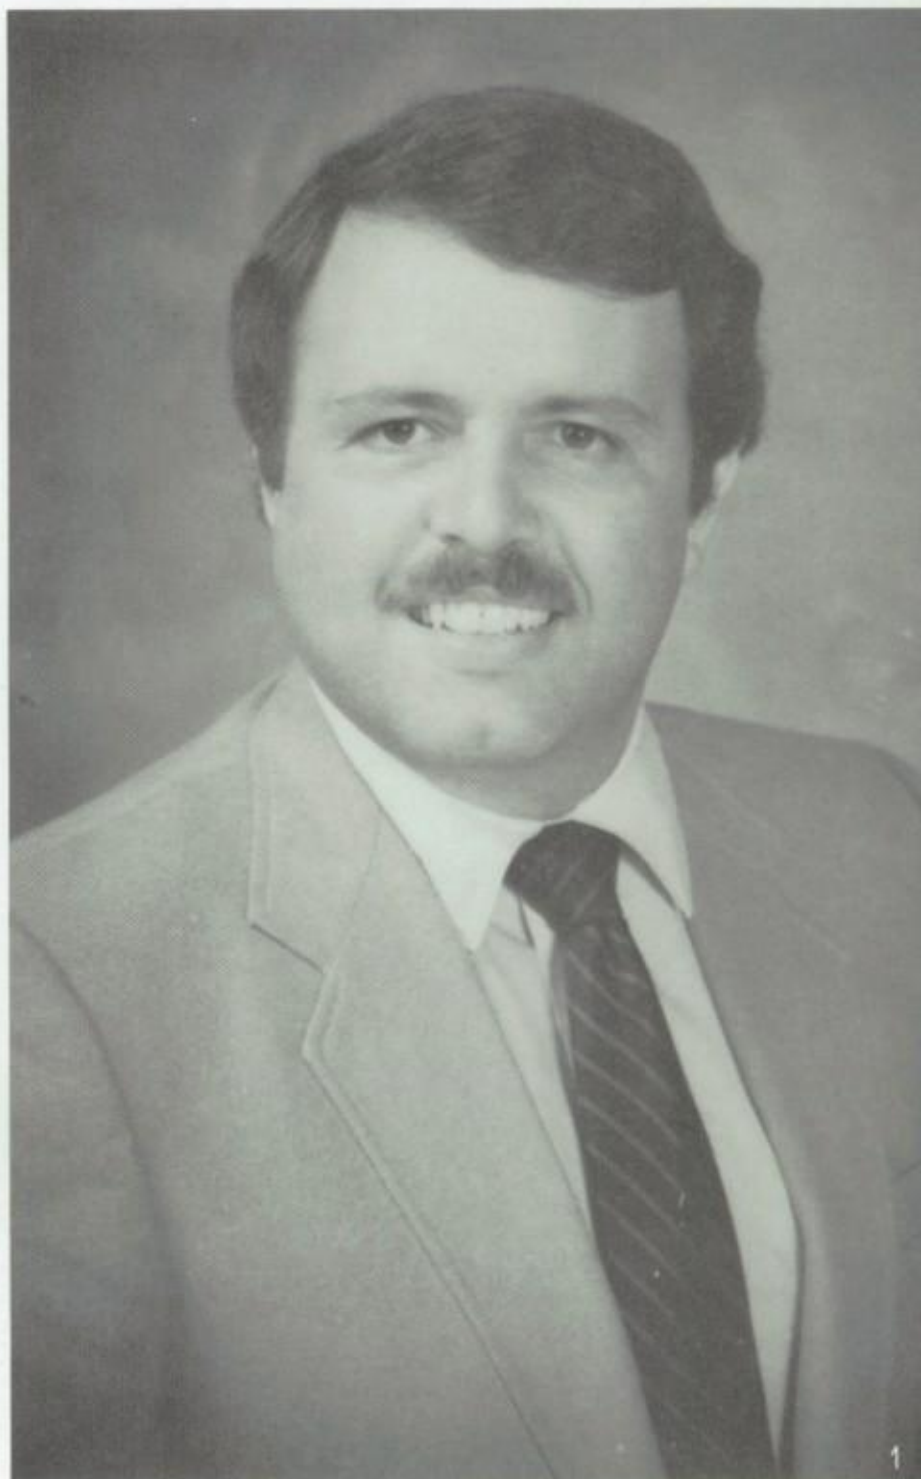

All in all we had a pretty good year!!

## Giving Their All

In a small school the staff takes time for each individual person. Staff members don't always have time, but at Serrano when the staff sees a person in trouble they will take a few minutes out of their busy schedule and help. At Serrano the staff is always ready to help or just listen. Just the satisfaction of knowing that the students have been aided, inspired the staff to go on.

These teachers, cafeteria workers, secretaries, campus aides, custodial workers, coaches, administrative staff, and our wonderful principal, Art Golden, were all part of our life at Serrano. Everyone of these people changed our lives in a little way as we changed theirs. In the future we will look back on our high school years and remember those smiles and caring faces that were always loving, patient and understanding and who gave all they could give! That's what made life special at Serrano High School.

1 — Dr. Art Golden always ready to listen to a student's problem.

2 — Mr. Bantau, the new Vice Principal, taking the place of Mrs. Vondra.

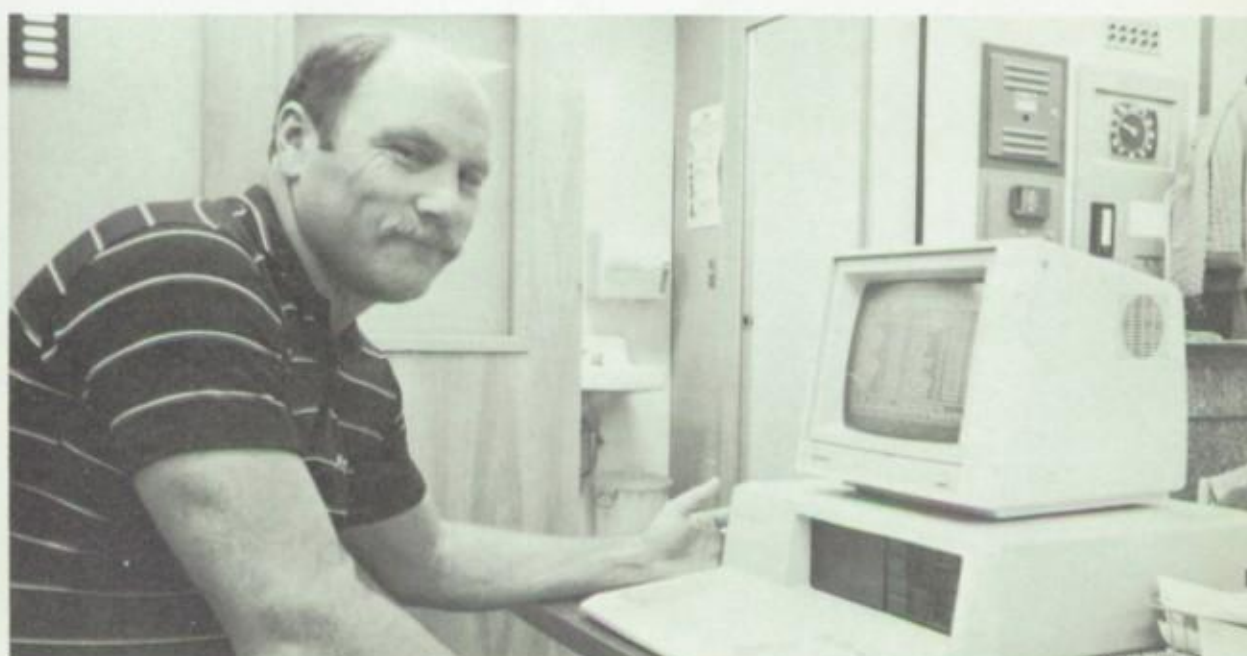

Dean of Students — Mr. Bob Tait had the new role to discipline students.

## Getting

### Involved

Every year Serrano offers a wide variety of clubs the students may join. This year many of these clubs did outstanding things!!!

F.F.A. finally realized their dream of a new greenhouse. Ms. Forsberg worked hard for her club members!!!

The International Club had another exciting trip to Europe during the summer. These club members were assured of a great time with Mrs. Joan Carter and Mr. Jean Martin as chaperones.

Serrano's Spanish Club members visited Mexico once again. Each student stayed with a host family so both Mexican and American students learned about each other's life styles. More often than not lasting friendships were made. Mrs. Connie Vargas should be given the credit for this club's energy.

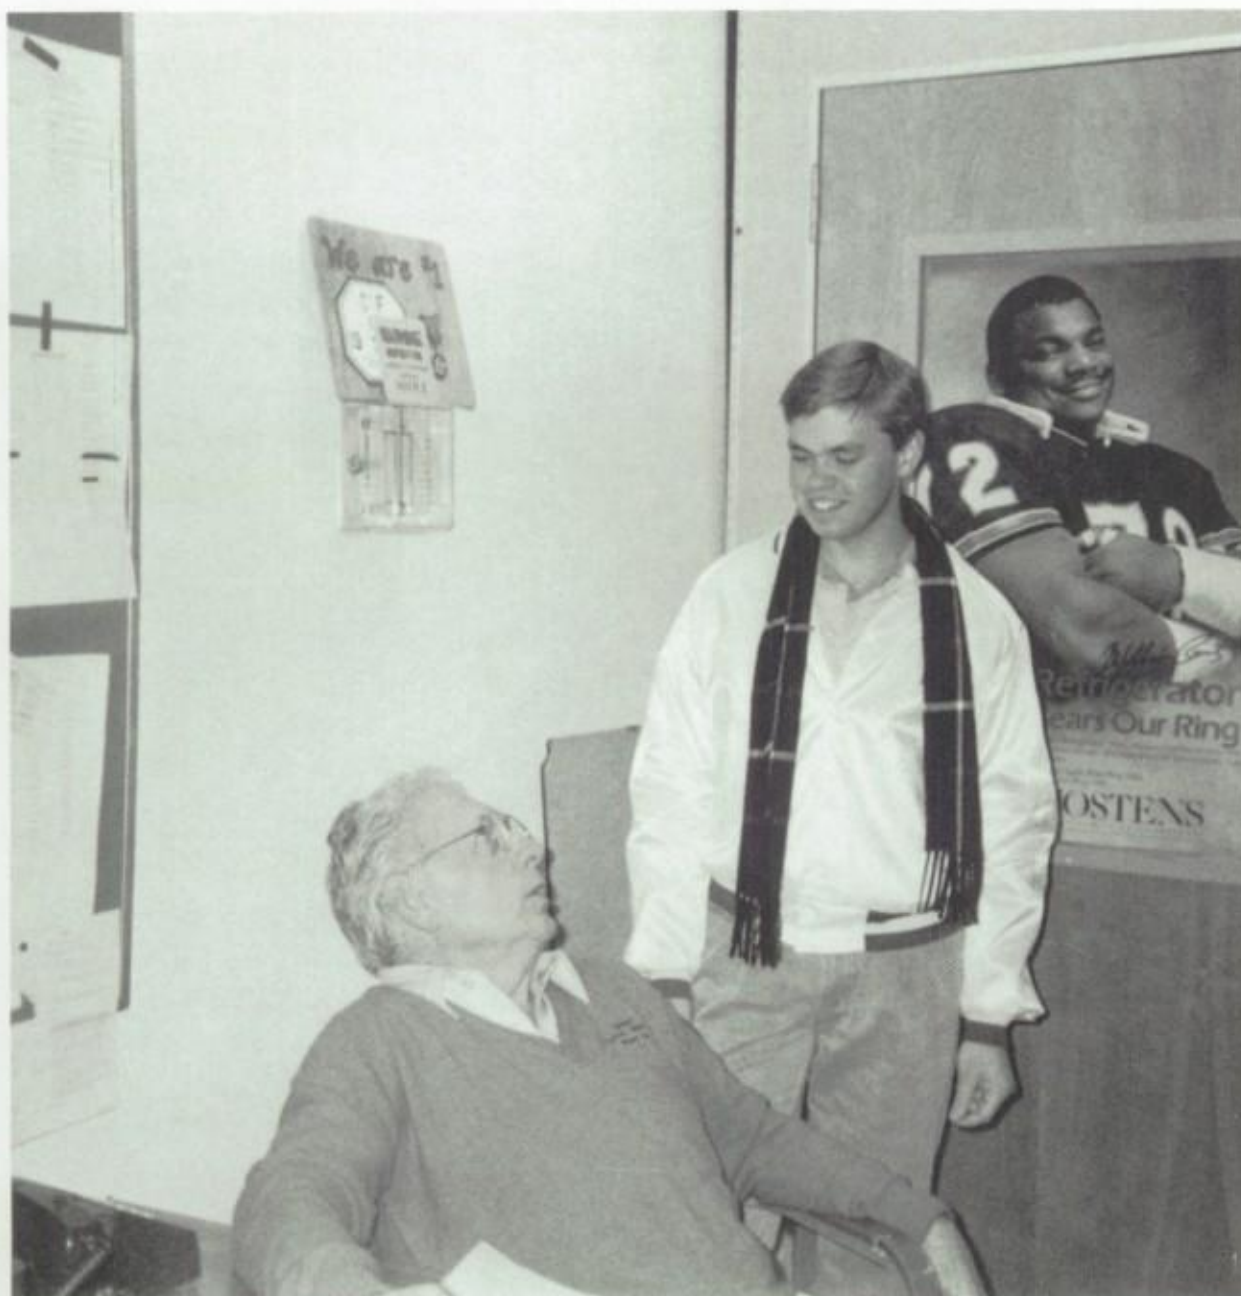

The Computer Club gained many new members this year and many new positive ideas!! Susie Mannigel was the leader of this club.

Getting involved in an extra curricular activities such as the Leo's, Maranatha, Block S, and Snow Snakes really made the school more exciting and enjoyable for everyone.

Joining a club is a really good way to show school spirit and pride. So next year join a club and experience something new!

A) David McGee looking really interested at the Maranatha Club meeting. B) The year-book's hard work but someone's gotta do it and Stephane Mannigel was just the person for the job! C) The Drama Class is heading for Hollywood!! D) Marya Piazza and Chris Winker planning an activity at a Leo's meeting. E) Rob Nelson pigging out at a CSF meeting. F) Toby Mileski thinking about all those fun runs in a Snow Snakes meeting.

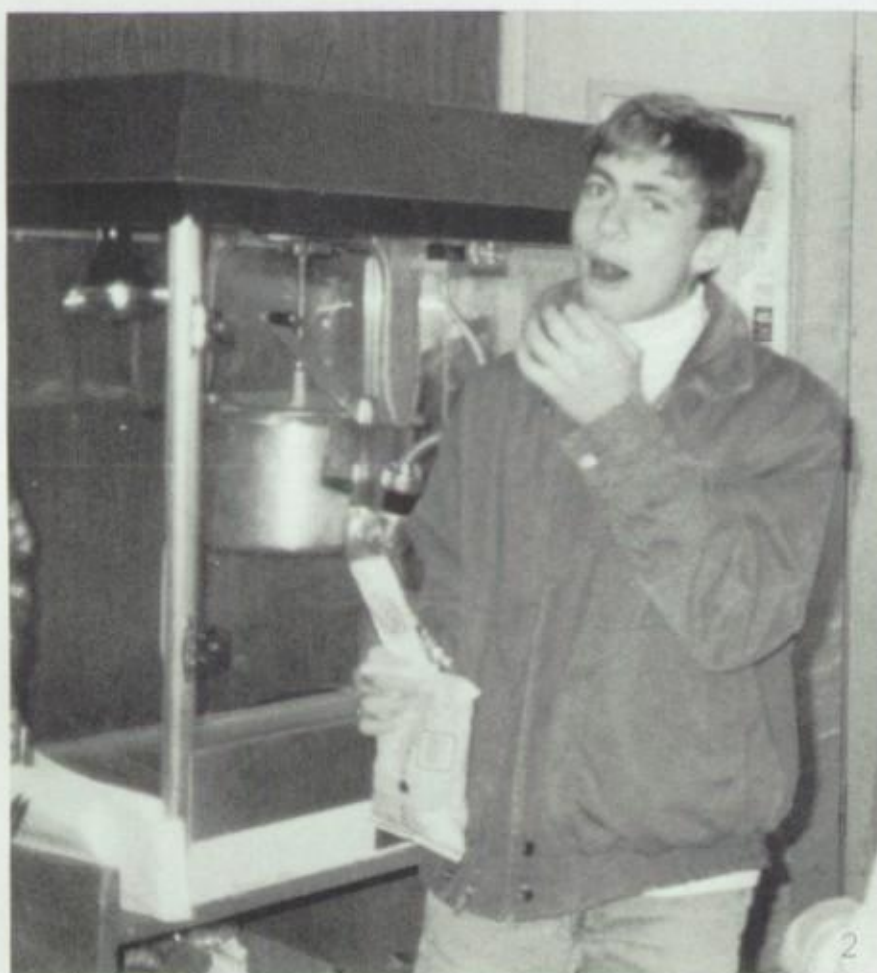

## Here We Come!!

The International Club consisted of about ten members. In July the club members traveled to Europe for fifteen days. Plans for the trip included visits to London, Stratford, Oxford, York, and Newcastle, and many many more spots.

A trip such as this can become fairly expensive, so the club members held many fund raisers to aid in the costs.

This small group of tourists will be chaperoned by Mr. Martin, Mrs. Carter and (for his first time) Mr. Brown.

This club was organized to enable students to experience life in other cultures and explore areas of the world they might not see otherwise.

1. Mr. Martin explains just how the Job-a-thon works. 2. Paul MacAfee works out on foreign food no doubt! 3. These worldly travelers just can't wait to leave.

## CSF

## CJSF

CSF and CJSF stands for California Scholastic Federation and California Junior Scholastic Federation. This federation was designed to give recognition to students with good grades in school. The members were eligible for scholarships and many other awards. One of the group's goals was to provide service for a community or school. Many students took pride in their organization.

Mr. Chris Holleran was the advisor for CSF, which comprised of tenth, eleventh, and twelfth grades. Mr. Bob Tait was the advisor for CJSF, which included grades eighth and ninth. This federation could prove to be very rewarding to any of the Serrano students, but the requirements to be a member are having at least three A's and one B to make a total score of ten. A's being three points and B's being one.

1. Mr. Holleran leads his club members in a great lunch. 2. A sophisticated glance from Karen Hitchcock, a CSF member.

3. Kris Rieder puzzled over a club problem.

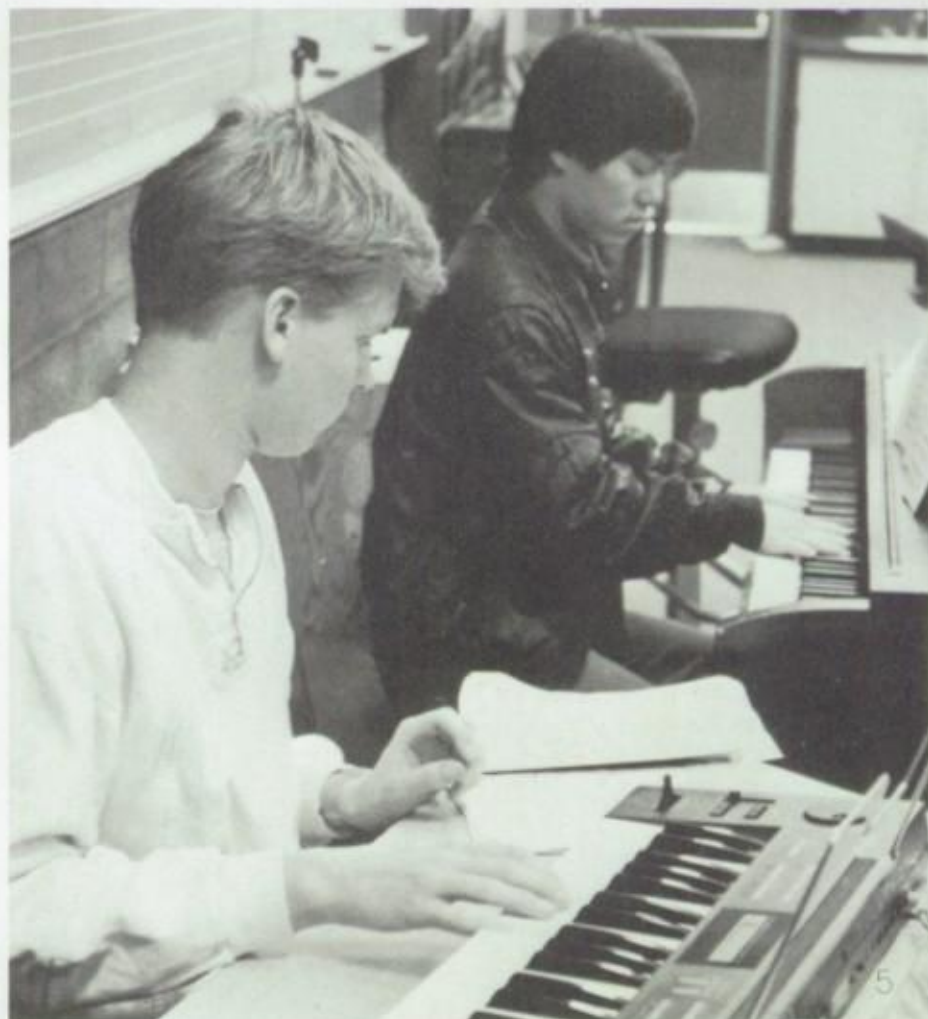

## Marching

### Diamondbacks

Mr. Toms, the director of The Serrano Band, was definitely proud of this year's marching unit. With forty-nine students the band was very successful.

The Marching Diamondbacks were lucky enough to have two very qualified drum majors, Danny Lavato and Dawn Klein, who taught the band great competition skills. A prominent position in band was being a section leader. A section leader's job was to watch over his or her section whether it be flute or low brass. Serrano had six section leaders this year: Rachel Johnsen, Flute; Myra Lavato, Clarinet; Renee Lane, Saxophone; Mark Slavens, Trumpet; Mike Slavens, Low Brass; and Chris Ruff, Drums.

The band received its highest parade score at Rancho Cucamonga. They also competed in Palmdale's Christmas Parade, the Buena Park Parade and were invited to the Maytime Band Review in National City, San Diego County. This was the first year Serrano participated in a half-time show competition.

Don't look miserable people! 2. Name that tune! 3. Hey, Jim Andersen, what's that tune called? 4. Smile pretty! Danny Lavato and Dawn Klein. 5. What a talented couple are Joe Oh and Roger Lilliestrom!

## Mellowtones

### What a group!!

This year the Mellowtones had a great year. Mr. Toms was the director and was very proud of his talented students who wanted to share their talent with others.

The Mellowtones had to practice three hours after school every Monday to learn dance routines needed to perform in competitions — such as the Fullerton Jazz Festival. They also traveled to Magic Mountain to perform there.

Chorus, some people say, was easy, but really it took hard work. It was much like a sport with time and practice put into it!

Some Seniors who contributed to the chorus and who left this year were, Soprano, Jennifer Adams; Soprano, Lisa Grice; Soprano, Tammy Sullivan; Alto, Alyce Juergens; and Bass, Michael Slavens.

Students, who wish to join chorus, must audition for a place on Mellowtones because even though it is fun and exciting to be a member quality is also needed.

1. "Let's Rock!" Front row kneeling l-r: Walter Asta, Adam Tait, David Morton. Second Row: Mike Slavens, Sandy Tourula, Cindy Ward, Heidi Fredrickson, Music Director Graydon Toms. Third row: Mark Slavens, Scott Jacobsen, Shannon Evens, Anthony Asta. Back Row: Joe Mitchell, Jeff Phillips, Dan Nash, Josh Cogswell.

2. "Do, RE, MI, ..." Front Row L-R: Renee Lane, Stephanie Gerling, Heidi Walters, Wendy Dabell, Star Mobley, Bobbie Newhorter. Back Row: Mike Slavens, Terry Boxterman, Laurie Lowe, Heidi Fredrickson, Michelle Teeter, Rachel Johnson, Music Director Graydon Toms.

## PERFORMING

### EXCELLENCE!!

The six member flag team was to be commended for a fantastic job! The flag team traveled with the band and drill team throughout Southern California. The flag division received a plaque for performing "EXCELLENCE" at the U.S.A. camp.

"The flag and drill team earned a number of trophies in their first year of competition and that is a commendable accomplishment for any new team," stated group advisor, Mrs. Gretchen Turner.

A new addition to the "Diamondback Dimensions" was the precision rifle team. The remarkable group took a first place trophy in their first major competition.

1. Top row l-r: Kari Baker, Michelle Neale, Yvette Taylor. Second Row: Serina Leonetti, Shannon Adams, Holly Martin, Tina Kuma-Lott. Bottom Row: Brian Benson, Karin Noble, Marc Cox.

## Diamondback

### Dimension

The Drill Team this last year consisted of thirteen members. For being only the second year of drill the team improved immensely.

From the money received, through fund raisers, they bought new uniforms that looked really sharp.

The drill team traveled with the band and the flag team; they also performed in many competitions together.

Gretchen Turner was the advisor of this squad. She helped the squad members to become better

people. Being in a group such as this developed within a person the feeling of responsibility and independence. Mrs. Turner spent lots of time and hard work on her successful group of kids. They received many trophies for their well-done performances throughout California.

This year a "Dimension" squad was added to the drill team. The "Dimensions" performed novelty and dance routines. This addition to the drill team added a touch of class to the squad.

## Home of the Serrano *Diamondbacks*

1. Splits — Lt-Rt: Melissa Woodruff, Lisa Eyre. Kneeling: Amber Cummings, Lavon Noble, Jodo Calhoun. Standing: Vicki Calhoun, Jennifer Martin, Samantha Hartzell, Melissa Turner, Laurie Loop, Sheila Audrey.

## COMPUTER

### LAB

The computer lab was a place where students could go and type reports, homework and other things that needed to be printed. The advisor was Susie Mannigel. She did a great job and was always willing to help anyone at anytime.

The computers were used for many things, for instance, Mr. Piercy had his senior classes in there every Thursday the second semester doing stocks for Economics. Mrs. Hall also had her English classes in there and also all entries in the Writing Celebration went through the lab.

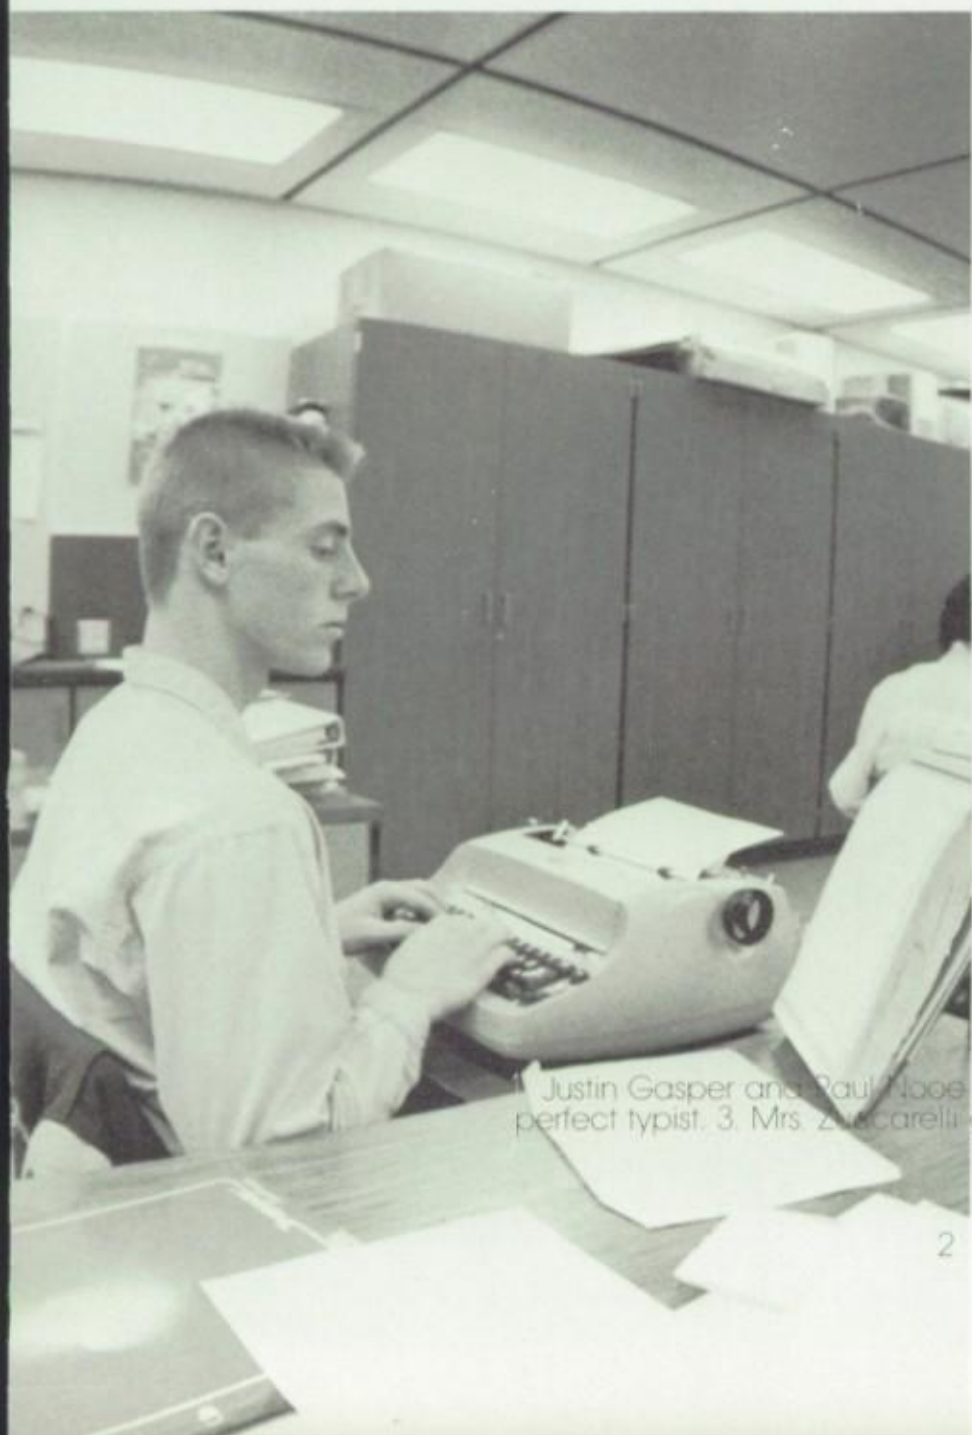

1. Look at all those kids working. 2. Kia-Lott Kuma the vice-president. 3. Ms. Moran doing her best. 4. Bryan Benson, the president of the Computer Club. 5. Oh boy! That looks great.

## FBLA

The Future Business Leaders of America, otherwise known as the FBLA's is a National Vocational Organization that helps its student members enrolled in business and office education programs. The club encouraged the practice of efficient money management and tried to develop competent aggressive business leaders. The club also helped each individual member prepare for a future in the real world, leading students to a better understanding of the free enterprise system in America. Club members participated in contests containing such things as speech, typing, job interviews, and office procedure, etc. . . . FBLA at Serrano was composed of twenty-seven active members under the advice of Mrs. Patterson.

Justin Gasper and Paul Nabe work hard on their typing assignments. 2. Joe Carusone displays the perfect typist. 3. Mrs. Zuccarelli goes over some short hand tactics with her class.

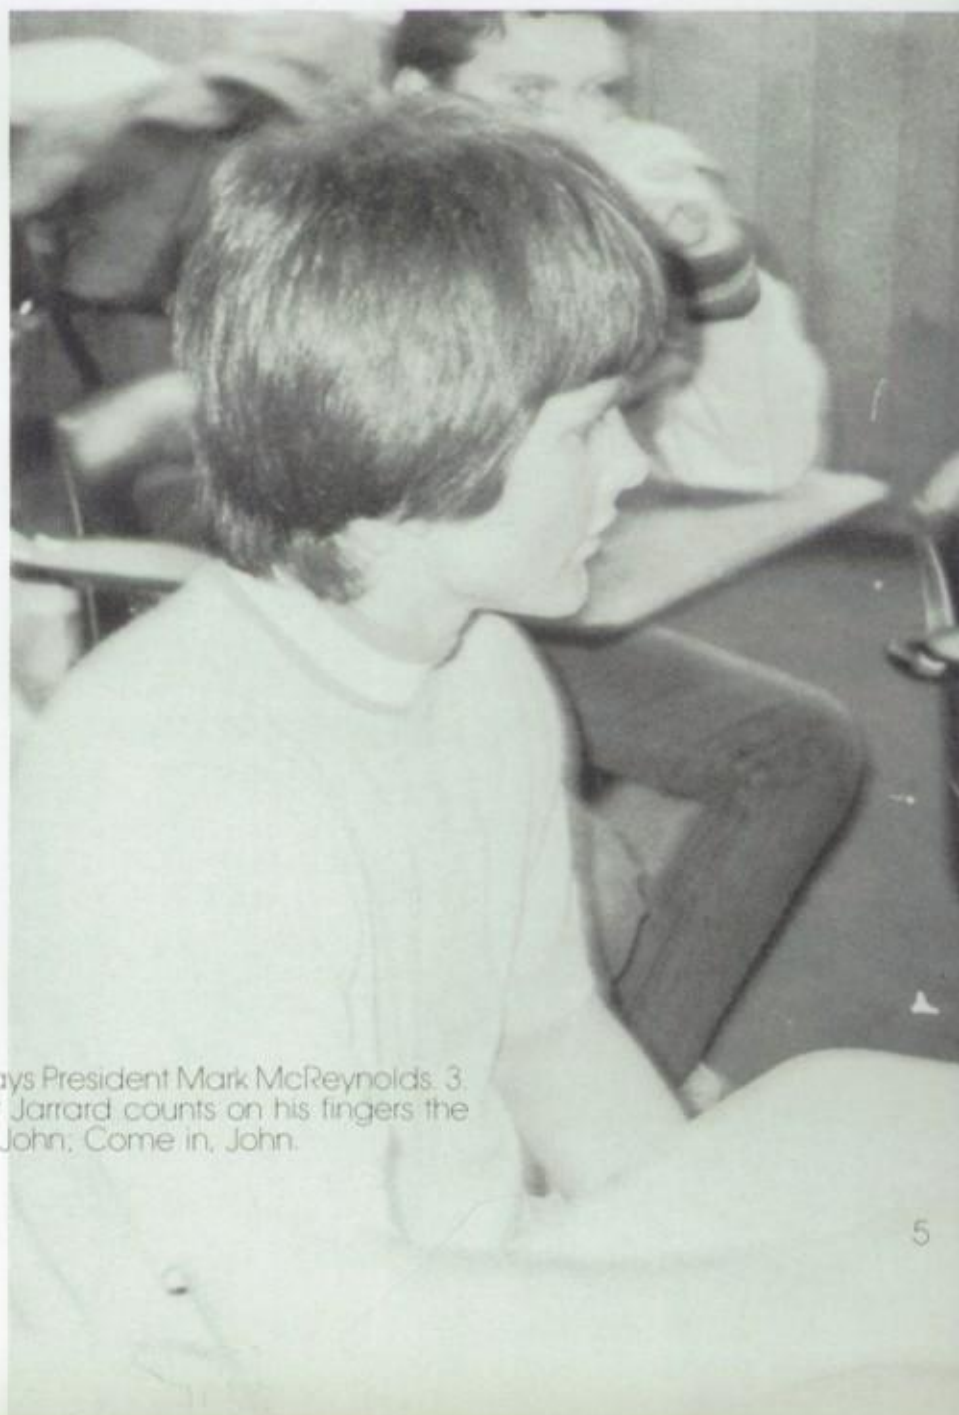

### Block S

Block S is a club for any student who has lettered in any varsity sport.

The goal for this energetic club was to raise \$200.00 for an athletic scholarship — One hundred dollars going to a girl and boy. This scholarship would be used to further an athletic dream with a college education. Mr. Tom Burleson headed this worthy cause.

This club was very active. It held many fund raisers. They also gave their total support to all athletes whether they were in the Block S club or not.

1. Surprised Rick? It's just another meeting. 2. "Ready . . . Set . . . Eat!" says President Mark McReynolds. 3. Talented Mr. Burleson can eat and listen at the same time. 4. Hoyt Jarrard counts on his fingers the amount of money in the Block S account. 5. Earth to John; Earth to John; Come in, John.

## SNOWSNAKES!!

This forty member 'Snowsnakes' club was filled with some of the most active students on campus!! Heading this group of thrill seekers was President; Derek Vondra, Vice President; David Oliver, and Secretary; Dawn Ferraro.

Club advisors, Tom Burleson and Ray Brown, took this vivacious group of kids on many local trips to Mountain High, and they also accompanied the students on a trip to Mammoth!! The club, this year, had one of its biggest turnouts ever!!

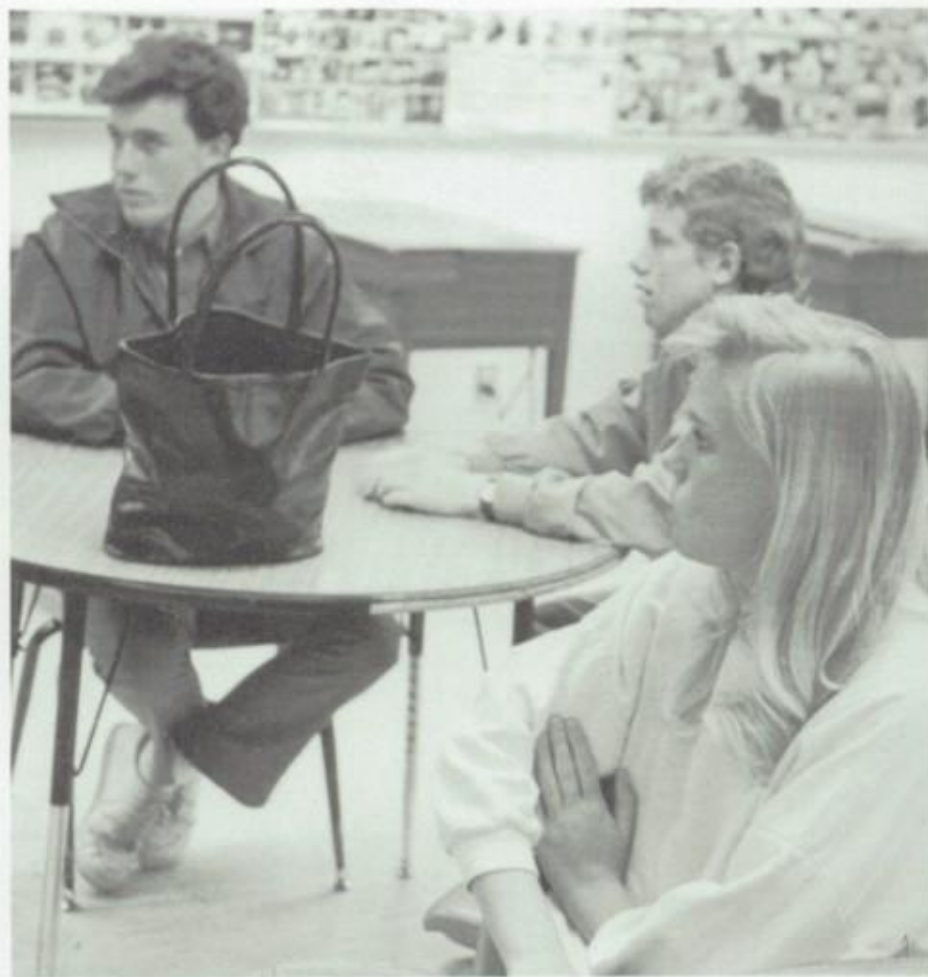

1. Mr. Burleson and Mr. Brown dream of snowbunnies on the slopes. 2. Leslie Krous takes a quick nap during Snowsnakes' meeting. 3. Jeff Fraser is ready for a skiing adventure. 4. Marya Piazza marvels at the excitement of the meetings. 5. Toby Mileski can't wait to go to Mammoth!

# THE ELECTED ELITE

A typical SHS student, did not know what went on behind the doors of Room Twelve, otherwise known as "The Cabinet Room." Actually, most believed that the cabinet room was just a place for the student body officers to run around and make themselves look occupied. Well, in reality, much work and many ideas were accepted and rejected while a team of eight students tried to pull the student body together by planning activities that would interest and please about 1,000 students. Not an easy job!

The cabinet members consisted of: Rob Quinn — ASB President, Lori Bienvenue — Vice President, Marya Piazza — ASB Secretary, Doug Mills — ASB Treasurer, Dan Adams — Senior Class President, Hal Johnson — Junior Class President, Becky Quinn — Sophomore Class President, Matt Herold — Freshman Class President, and Mel Ewing — Eighth Grade Class President.

1. Dan Adams, Mel Ewing, and Becky Quinn listen intently to the meeting. 2. Laurie Bienvenue takes charge as a true leader. 3. Mr. Martin amuses his class of Doug Mills, Dan Adams, Mel Ewing, Marya Piazza, and Becky Quinn.

Top row Lt-Rt: Sheri Downer, Mel Ewing, Matt Herold, Becky Quinn, Brenda Benson, Dan Adams, and Jean Martin. Bottom row Lt-Rt: Marya Piazza, Rob Quinn, Laurie Bienvenue, and Doug Mills.

2. Doug Mills and Mel Ewing wonder how much longer they have to listen to Dan Adams' jokes! 3. Becky Quinn and Marya Piazza try to keep their enthusiasm, as Mr. Martin tells what a great class they're going to have that day!

# Spanish Club

The Spanish Club was full of life and very vibrant, as they spoke Spanish very fluently, because club members were only allowed to communicate in Spanish.

When the members were asked how they felt about the club they replied

"Mrs. Vargas is "kinda" cool; it's going to be great going to Mexico ... Bad!" stated Chris Heaton.

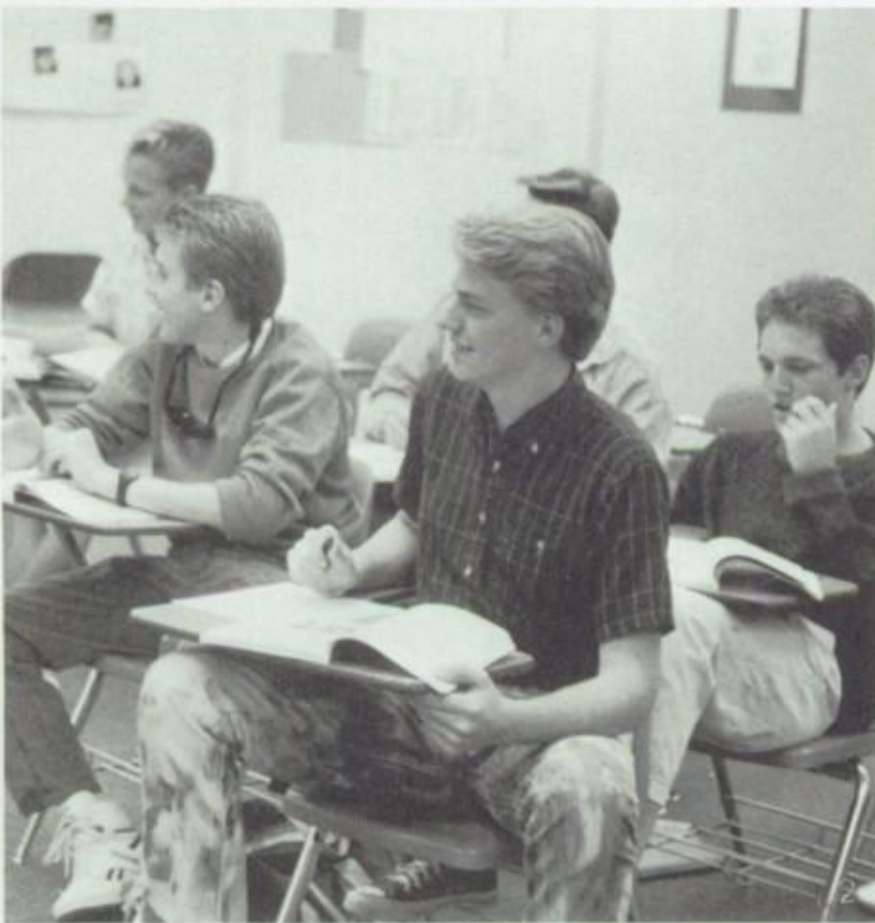

"She's the best Spanish teacher in this school," stated Russ Harold.

"This is the best Spanish III I've ever had," stated Mrs. Vargas.

It takes true grit to go to Mexico" stated Paul McAfee.

The club's officers for this year were President: Toby Powell, Vice President David Carr, Secretary Michelle Miller, Treasurer Aaron Justice. The advisor and teacher of the Spanish club was Mrs. Vargas.

The fundraisers that the club participated in this year were the candy bar sales. The club went to Mexico again this year for a cultural exchange.

1. Lisa Mendoza looking very bored. 2. David Carr, why can't you be good like Brian Crain? 3. Hola La Clase!

## **Speech**

### **and Drama**

Students enrolled in speech experience were eligible to compete in speech contests sponsored by Veterans of Foreign Wars, the Lion's Club, and Native Sons of the Golden West. The contest sponsored by Veterans of Foreign Wars offered a fifty dollar savings bond for the school site winner. The first place winner was Sherry Ventresca and the topic was "The Challenge of American Citizenship."

The Lion's Club topic for 1986-87 was "Drug Abuse — What is the solution?" Sherry Ventresca and Jennifer LaGuardia, finalists in the contest, could win as much as \$4,000.

Classroom activities included a variety of speaking experiences, group discussions, debates, oral interpretations, a roast, and reader's theater. The students presented a collection of poems by Shel Silverstein in a reader's theater production at Phelan Elementary School. Class members were in charge of staging and directing segments of the production. Students were also responsible for the production of a roast to honor a staff member.

Speech experience was a well-rounded program which provided a variety of speaking experiences.

## **Language**

### **of Love**

French was a kind of language that was very hard to learn, Mrs. Smith taught this language. French, a language spoken in France by French people, is considered to be a romance language, also spoken by people of Switzerland, and southern Belgium. But, of course, it was also spoken at Serrano High School. Grades ninth through twelfth were eligible to take this course. People said that French was a much harder language to speak than Spanish. It also mattered who the teacher was and how well the class was taught. Ms. Smith did a very fine job teaching the class this year!!

## **Maranatha**

### **Joining Together**

The Maranatha Club has been a club on campus for three years. This club functioned like a church class. Members were all Christians and they sat around and talked about fun things and church related activities.

They traveled together and went to fun places like Disneyland. On Halloween they had a party at Mrs. Patterson's house where they played games and told stories.

Mrs. Patterson and Mr. Amberg were the advisors.

## Future Farmers of America

The F.F.A. (otherwise known as Future Farmers of America) was a national organization of students enrolled in vocational agricultural business. The members learned by taking part in and conducting meetings, speaking in public, and participating in contests based on occupational skills, earning awards, and becoming involved in cooperative efforts and community efforts. The members also debated issues, presented motions, and took part in decision making. This was the third year for Future Farmers of America, instructed by Miss Linda Forsberg. The Serrano Chapter officers were: President — Jim Francis, Vice President — Don Fish, Secretary — Chuck Rushing, Treasurer — Jeff Minton, Reporter — Alice Himes, and Sentinel — Steve Nurre.

## Leo's Club

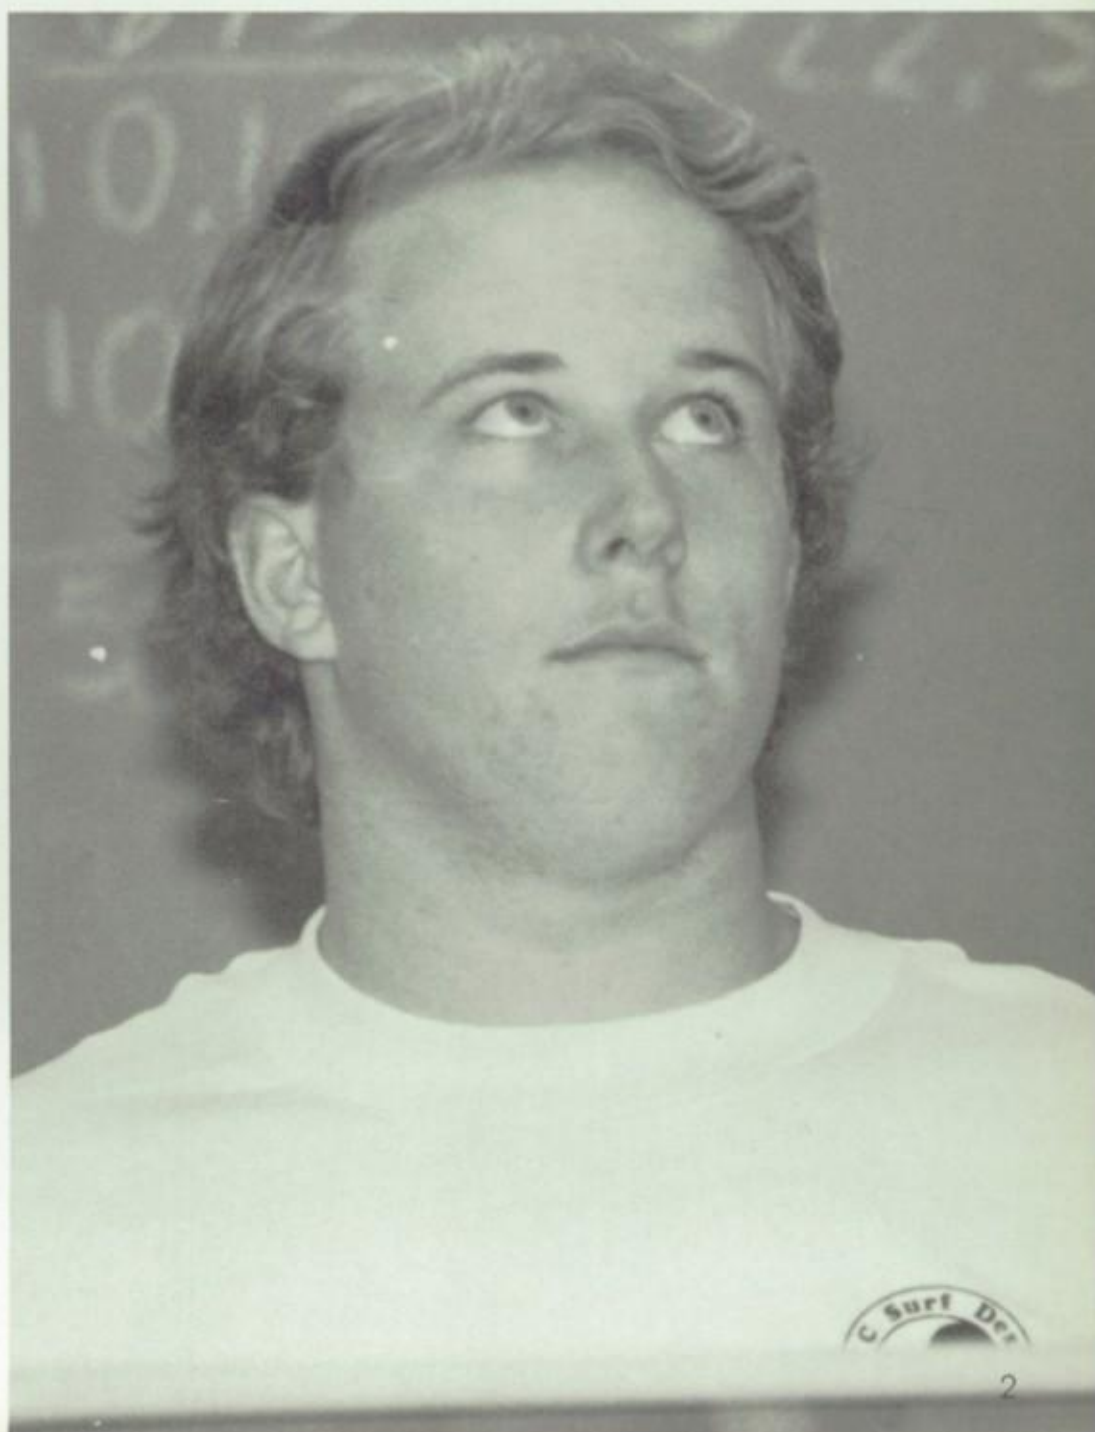

The Leo's club of 1987 was a club that had a lot of fun. it was led by President Jeff Davis and the humorous club advisor Mr. Amberg. The Leo's club is the junior Lion's Club, and their main objective is to help the community. Around Christmas they had a food drive to collect food for Christmas dinners for needy families. Also this year in May, just like previous years, they held the annual blood drive. They solicited students and parents and students from around the area to donate blood to the San Bernardino County Blood Bank.

# IT'S NO BOWL

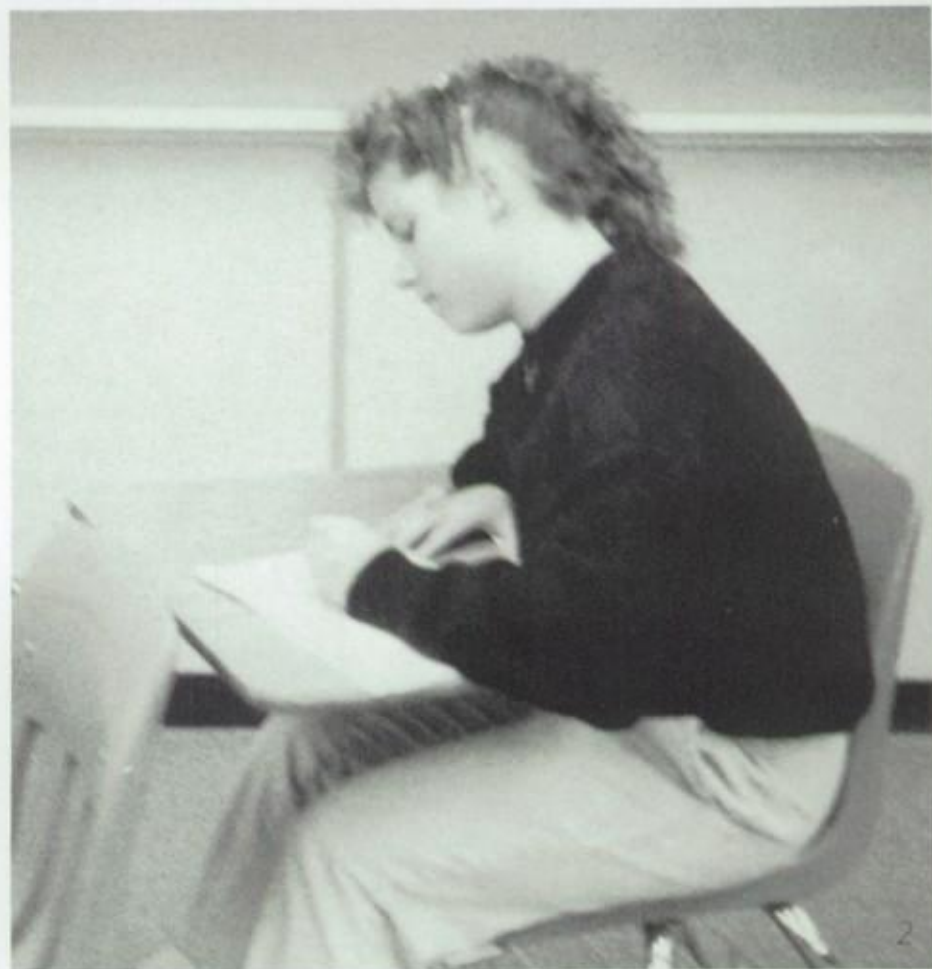

## OF CHERRIES!!

The Annual has many steps in preparation. It has a lot of contents that includes information on everything from clubs to sports. The Annual included stories, pictures, and comments on student life around campus. It took months for this special booklet of information to be ready for public viewing. It takes a very dedicated and hardworking staff to get everything done on time. This year's staff consisted of Editor; Stephanie Mannigel, Class Editor; Chris Winkler, and Sports Editor; Jack Devlin.

There were many difficult tasks that must be performed in order to make the theme of the book work. Titles and designs had to match throughout the entire book to get the full effect.

Jeanice McCarthy is just happy to be in school.

# SERRANO

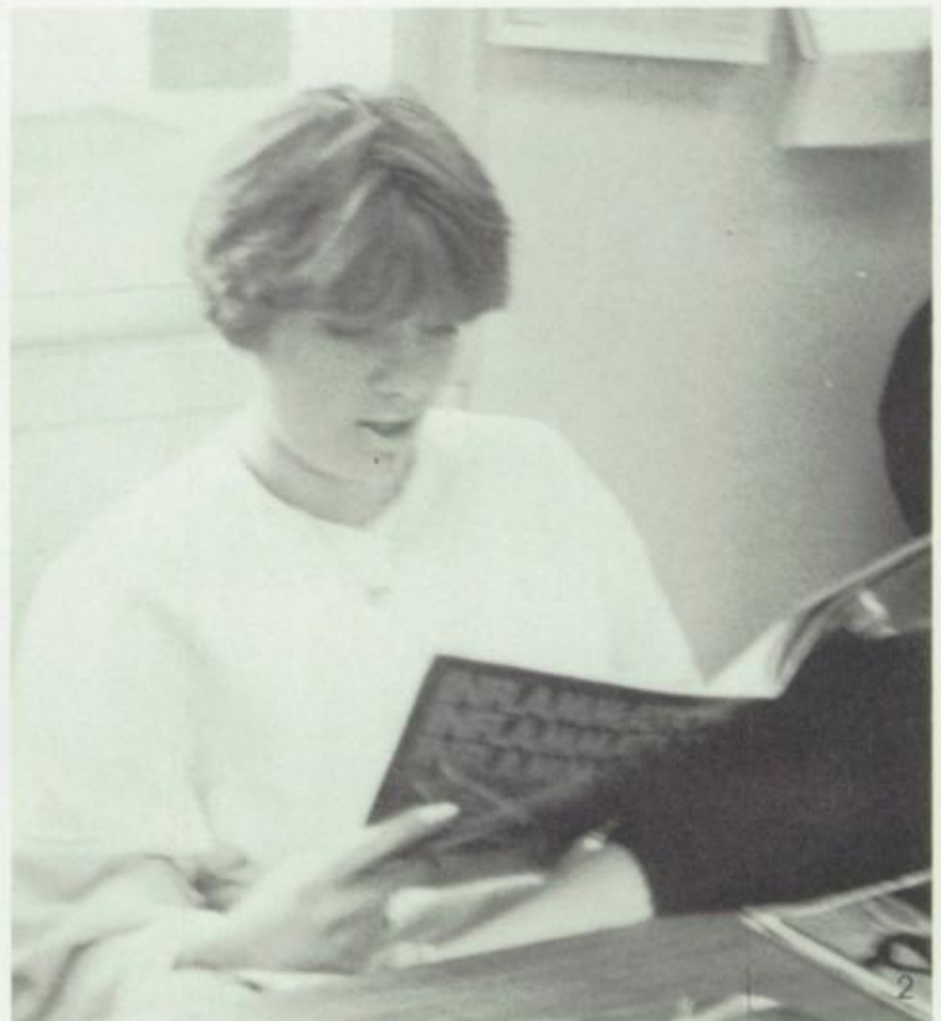

## NEWS

The newspaper, Serrano News, was a very timely and difficult project. It took effort from everyone on the staff. The staff included Jason Grundy; newspaper editor, Tracy Watts; layout editor, Sherry Ventresca; news editor, Tabitha McCormick; business manager, Carol Pestana was the photographer and, also, a reporter. Other reporters were: Jennifer Jones, Alana Costello, Jeanice McCarthy, Tanya Thayer, Sherry Ventresca, Rob Nelson, Melissa Turner, Lori VanGilder, Wendy Dabell, and Rachel Johnson.

The paper came out every four weeks and with everyone struggling to complete it on time. The paper had a story on everything from inside activities at school, to outside activities at play, and anything in between.

1. Clint Richmond, for once studies something he likes!! 2. Hoyt Jarrard finally learns how to draw a 90 degree angle. 3. Mark McReynolds is studying his plans for his future dream house!!

# Advanced Minds

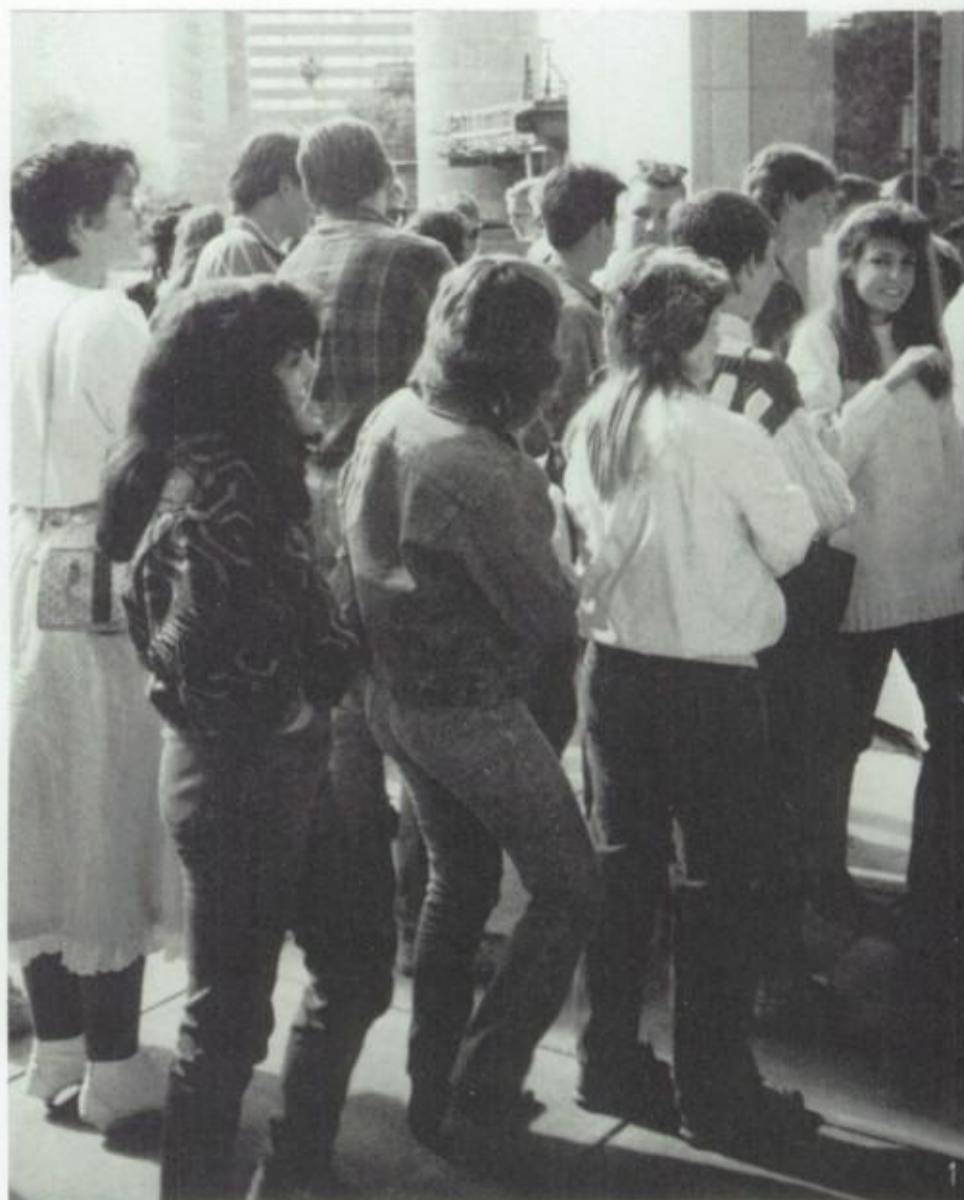

To challenge minds was the intent of the Advanced Placement classes this year. With an opportunity to gain college credit, this challenge was well worth it.

A variety of Advanced Placement classes were offered, U.S. History, Spanish, and two classes of English. If the students passed the A.P. test given in May in one of these classes with a three or better then the student received credit from the college in which he enrolled.

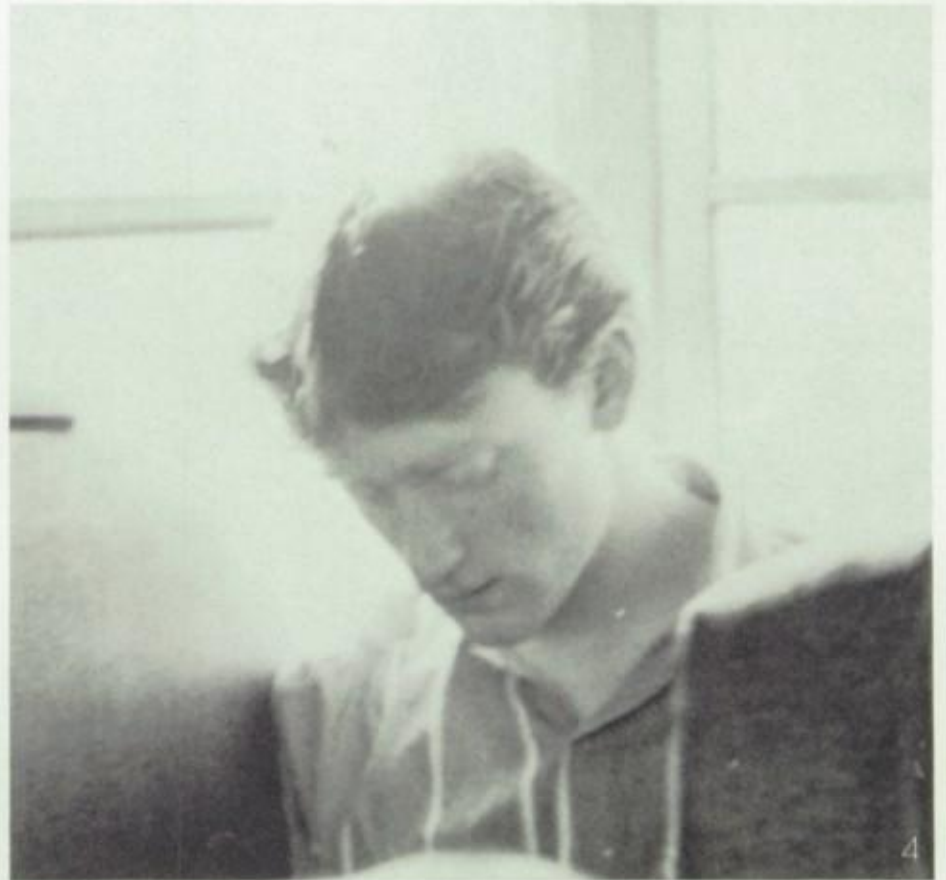

The hard work and extra time put in by these students paid off immensely. Even if a student did not pass the test they still would be better prepared for college because of the skills gained. The demanding A.P. classes grew in popularity this year because of the benefits that the classes offered.

1. All A.P. students, especially Jennifer LaGuardia, are excited about visiting the museum!
2. Lisa Mendoza, Tracy Thomas, Chris Caskey, and Jennifer LaGuardia share in the fun!
3. Mr. Brown takes time out to help Cherie Benson

2. Don't look so excited Julie Watrous!
3. James Flynn and Rob Nelson are in line to ask questions about the museum.
4. Rodney Mitchell falling asleep on the way home!

# Focus on Academic Recognition

Serrano High takes great honoring students who meet high standards in scholarship. Many of the students challenged themselves to meet the high requirements of the honor roll. However, one group of students, which is exceptionally outstanding, made the most prestigious distinction of receiving a 4.0 G.P.A. for two consecutive semesters (June 1986 and January 1987). For them, especially, this page is dedicated.

This special group, which has become very elite during this school year, had only five who have earned a 4.0 G.P.A. for at least two semesters. Follow-

ing close behind the honored five was another group who received straight A's for first semester. The list consisted of the following: Seniors — Laurie Bienvenue, Robert Cipriano, John Edgerly, Hoyt Jarrard, \*Jeff McBride, \*Barry Nisley, Kris Rieder, \*Tracy Thomas, Darren Walde, and \*William Willey. Juniors: \*James Francis and \*Rob Nelson. Sophomores: David Carr, William Flynn, Zita Hillinger, Rene Lane, Jeremy Muir, Joseph Oh, and Darin Spnert. Freshmen: Matt Herold, Suzie Null, and Krista Stout. Eighth: Melanie Kimmel and Denise Roach.

\* A.P. class enrollees.

# JUNIOR HONOR GUARD

One of the most outstanding honors for juniors is to be selected to be a member of the Junior Honor Guard. The students with the highest G.P.A., and the citizenship, are the class members who are invited to serve as members of the Junior Honor Guard. This meritorious honor creates a group of students who assist at

the activities which close the school year. In 1987 the guard assisted at the Open House — Writing Celebration, College Night, Senior Awards Night, Baccalaureate, and Graduation. The Junior Honor Guard for 1987 consisted of twelve dedicated members.

# Exchanging Culture

The Orient came to Serrano! Many Japanese college students came to our tri-community to study American culture. Studying was never so entertaining. Their homework included speaking to Serrano students, going to Disneyland, and attending an "American-type" dance on their last day in the United States.

The students learned about our culture and improved on their English. The travelers also taught our students about their traditions as they experienced new activities and ideas on the international scale.

3. Don't be so bashful!

2. The smiles of the Orient!
3. Smiling pretty for the U.S.
4. "Sure we understand the meaning of art!"

# Making a Living

Throughout the year people may notice that there were fewer and fewer students who stayed for second lunch. Because once football, basketball, volleyball, and wrestling were over, the upperclassmen started working after school.

Although the snow was not as great as it could have been there were still several kids who were employed at Mountain High on a regular basis. The familiar Papa's Pantry, Holiday Foods, Ralph's Shell and Pizza Factory were the job opportunities that were among the most popular with the high school students. Most seniors were planning their future; so they were saving their money for college.

## OUTGOING

### PEOPLE

The sports circle is a wide and popular area. At Serrano, a big part of the student body was made up of people who were involved in sports in one way or another. Some of these people were actual players; some kept the stats, helped coach, and the rest of the population did their part by being good spectators. Everyone seemed to enjoy, no matter what the part was. The school, as usual, showed a fantastic response at the end of each sports season.

At our fine school we (the students) are offered a variety of sports to choose from: football, volleyball, baseball, track, cross country, basketball, wrestling, and softball.

To be included in sports takes a person's free time and, also, energy. A person must keep his or her grade point average up in order to be eligible to participate in any school activity. This standard has given our athletes an extra incentive to try a little harder in their academics. So far the new rule has proved to be a great success. We're really proud of our athletes!!

# FOOTBALL

## Varsity Football

The 1986-87 varsity football team came through another season looking great! Their hard work and determination was rewarded with many victories throughout the season. The team inspired all of us with their great ambition and enthusiasm for Serrano High on and off the field.

One of the brighter moments of the season came on Homecoming Day when freshman Jason Boyes kicked an extra point to give Serrano a 7-6 victory over the undefeated Beaumont Cougars. The touchdown came on a pass from James Flynn to Tom Rushing. Rushing blasted into the endzone as the crowd shouted cheers from the sidelines. The team ended the season with a defeat at Big Bear but pulled out an exciting victory over Aquinas.

Working with the team this past year was Head Coach Weiberg and Assistant Coaches Ries, Kavanaugh, and Olivares.

Although they were a small team they were big on strength and endurance. Tough situations and inspiring talks helped to bring the team closer together.

## FROSH/SOPH FOOTBALL

The past year the Frosh/Soph football squad fought their way through another tough season. Through the weight training, grueling practices, and extensive strategy training the Serrano Diamondbacks came out with a successful season. The players achieved their victories through teamwork and spirit and have proved to be great potential for the varsity team.

The Frosh/Soph started the season going 2-0-1 but then lost four straight before getting back on the track with an impressive 21-12 homecoming victory over the powerful Beaumont Cougars. They finished the season with hardy cheers for two victories over Big Bear and Aquinas.

The team set a great example of dedication and ambition for the Frosh/Soph teams of the future.

# VOLLEYBALL

## Volleyball

This year's varsity volleyball team had a long and hard season. The team had bumps, scrapes, and bruises throughout the season as they pushed themselves to the limit giving their opponents a challenging season.

The team, as a whole, strived for their many goals which they were able to achieve, for example, going to C.I.F. playoffs. In the first round, the team traveled to Mojave to play against the Mustangs. Although Serrano lost to Mojave Serrano put up a good fight with their opponents.

When questioned about feelings towards the team Felicia Searcy said: "It was more than a sport! It brought lasting memories and special friendships!"

The Serrano Diamondback girl's varsity volleyball was proud to have had such a successful season, and the returning letterman are looking forward to a new and rebuilding year.

## FROSH/SOPH Volleyball

The Junior Varsity Volleyball team had a very hard and long season; they did their best by putting effort into each game's performance.

The girls had a team of thirteen members with Coach Cortez as head of the Junior Varsity team. The Junior Varsity girls always seemed to go the full three games, they gave their opponents a worthy challenge.

Some of the girls received recognition in the **Mountaineer** for their playing ability. Although their season wasn't undefeated the team members pushed themselves to the limit doing their best to defeat the opponent.

As the season came to an end the girls parted, remembering the good times, the long bus rides, the chants all the way home. Looking on ahead to their future, the Junior Varsity girls are mentally prepared for another year.

# BASKETBALL

## Varsity Hoops

Serrano's Boy's Varsity Basketball Team for the 1986-87 season turned out to be a young team with all sophomores and juniors. Three returning lettermen from the year before were T.K. Kempf and Wayne Wheeler, Rob Nelson. T.K. was the starting guard for the team and was the leading scorer for the season.

The year has been a "learning experience" stated Mr. Bantau, "Next year we will be a lot stronger."

Many battles were fought and but not all were won; Serrano faced many long, tiring bus rides home realizing that practice ahead the next day would be difficult.

Although the team didn't have an undefeated season; they are looking forward to next year which should be much better.

## Swish it!

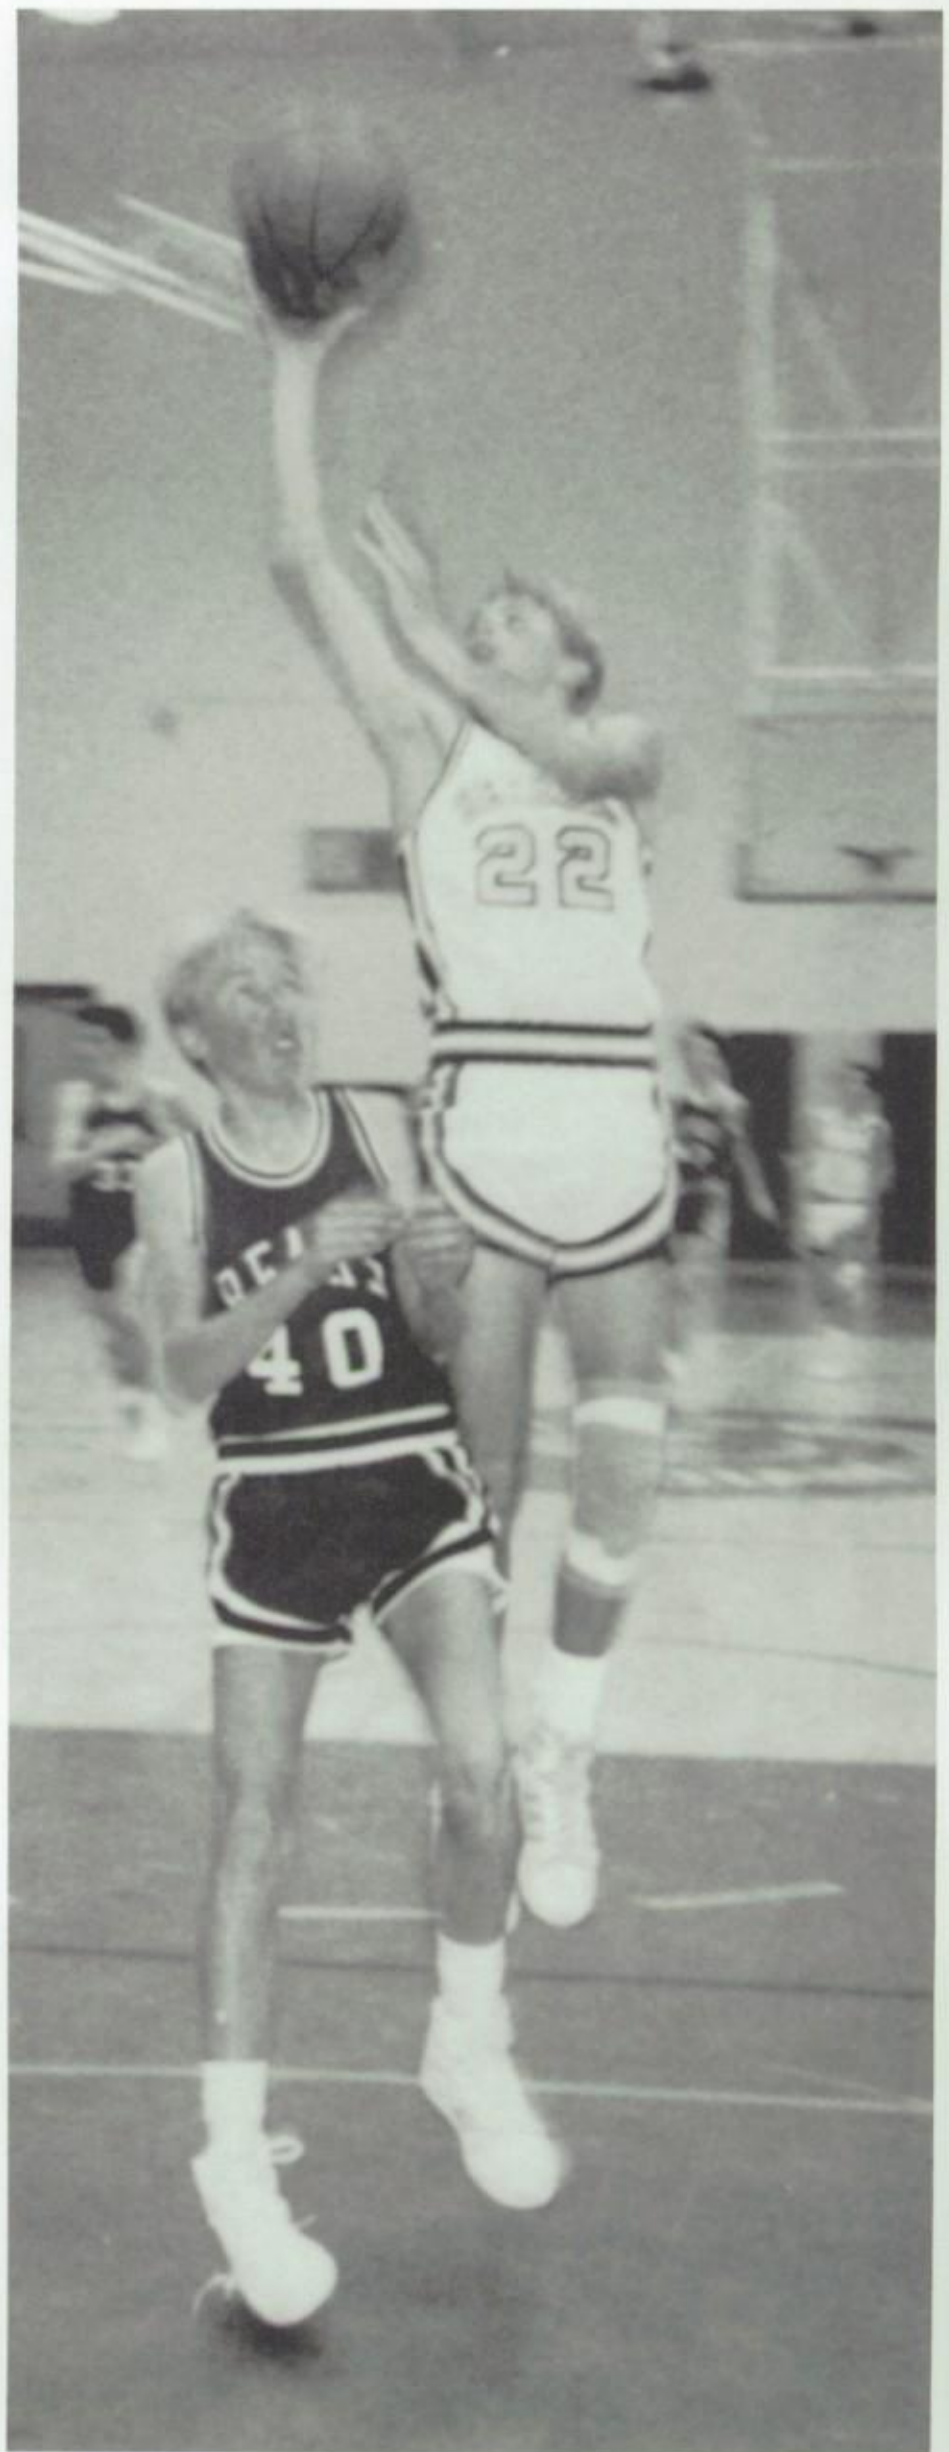

With no returners from last year's squad, the Frosh/Soph basketball team had little experience going into the season. However, under the tutelage of Coach Mike Roberts, the team was transformed into a competitive force. Led by Tim Kempf and Mike Thompson, the team worked hard to realize its potential. This hard work paid-off in the contest against Serrano's arch-rival Big Bear. The outcome was a complete conquering of the Bears.

In retrospect of the season, Coach Robert acknowledged, "Our problems have been with that lack of experience not with lack of desire or lack of hard work." Even so, he considered the progress this year as "satisfying" and is looking forward to next year.

Although they did not gain many wins on the scoreboard, the team did gain character plus valuable experience which will help next year. It was also a credit to them that as a team, they never gave up. No matter how badly they were being beaten, they gave it their all.

# BASKETBALL

## Slam Dunkers

The girl's varsity basketball team had a tremendous season, starting by winning the first four home games. Considering all of the injuries during the season the team did a great job. The team lost Chris Winkler, Mary Louise O'Brien and Cathy Strickland due to injury during the year. To reinforce for these losses Becky Quinn and Julie Needham were pulled up to the Varsity from the Frosh/Soph squad. Key players for the team this year were Teresa Barber, who contributed twenty-two points in one game against Aquinas; Jeanice McCarthy who took over the point guard position at mid-season and led the team up and down the court and also Marci Muir who did a great job at rebounding and on defense.

## Rebounding

The Frosh/Soph girl's basketball team had a good season. The team put in a lot of hard practice and time. In order to succeed in basketball season requires a team effort. Not just one person can take on a team of five.

Melanie Laich and Dawn Kempf were the two top players for the year. But we must not forget that it was not just them alone who did it; it was a team effort.

Becky Quinn, a center on the team, was sent up to varsity. She was needed for her height and ability to shoot the ball. The players were sad to lose her but they knew she was needed on varsity.

# WRESTLING

Coach's Piercy and Bright love the outcome of the match.

## Pinned

Serrano's 1986-87 wrestling team is great. The boys have put in a lot of time and hard work and, from all this, they have had many excellent results.

Compared to the past this year has had a higher attendance and interest level than ever before. Over the years the wrestling team has nearly doubled in size. Last year's students have realized now how much discipline and talent the wrestlers must have in order to perform. A wrestler must use his mind to outsmart the opponent and his muscles to pin him down.

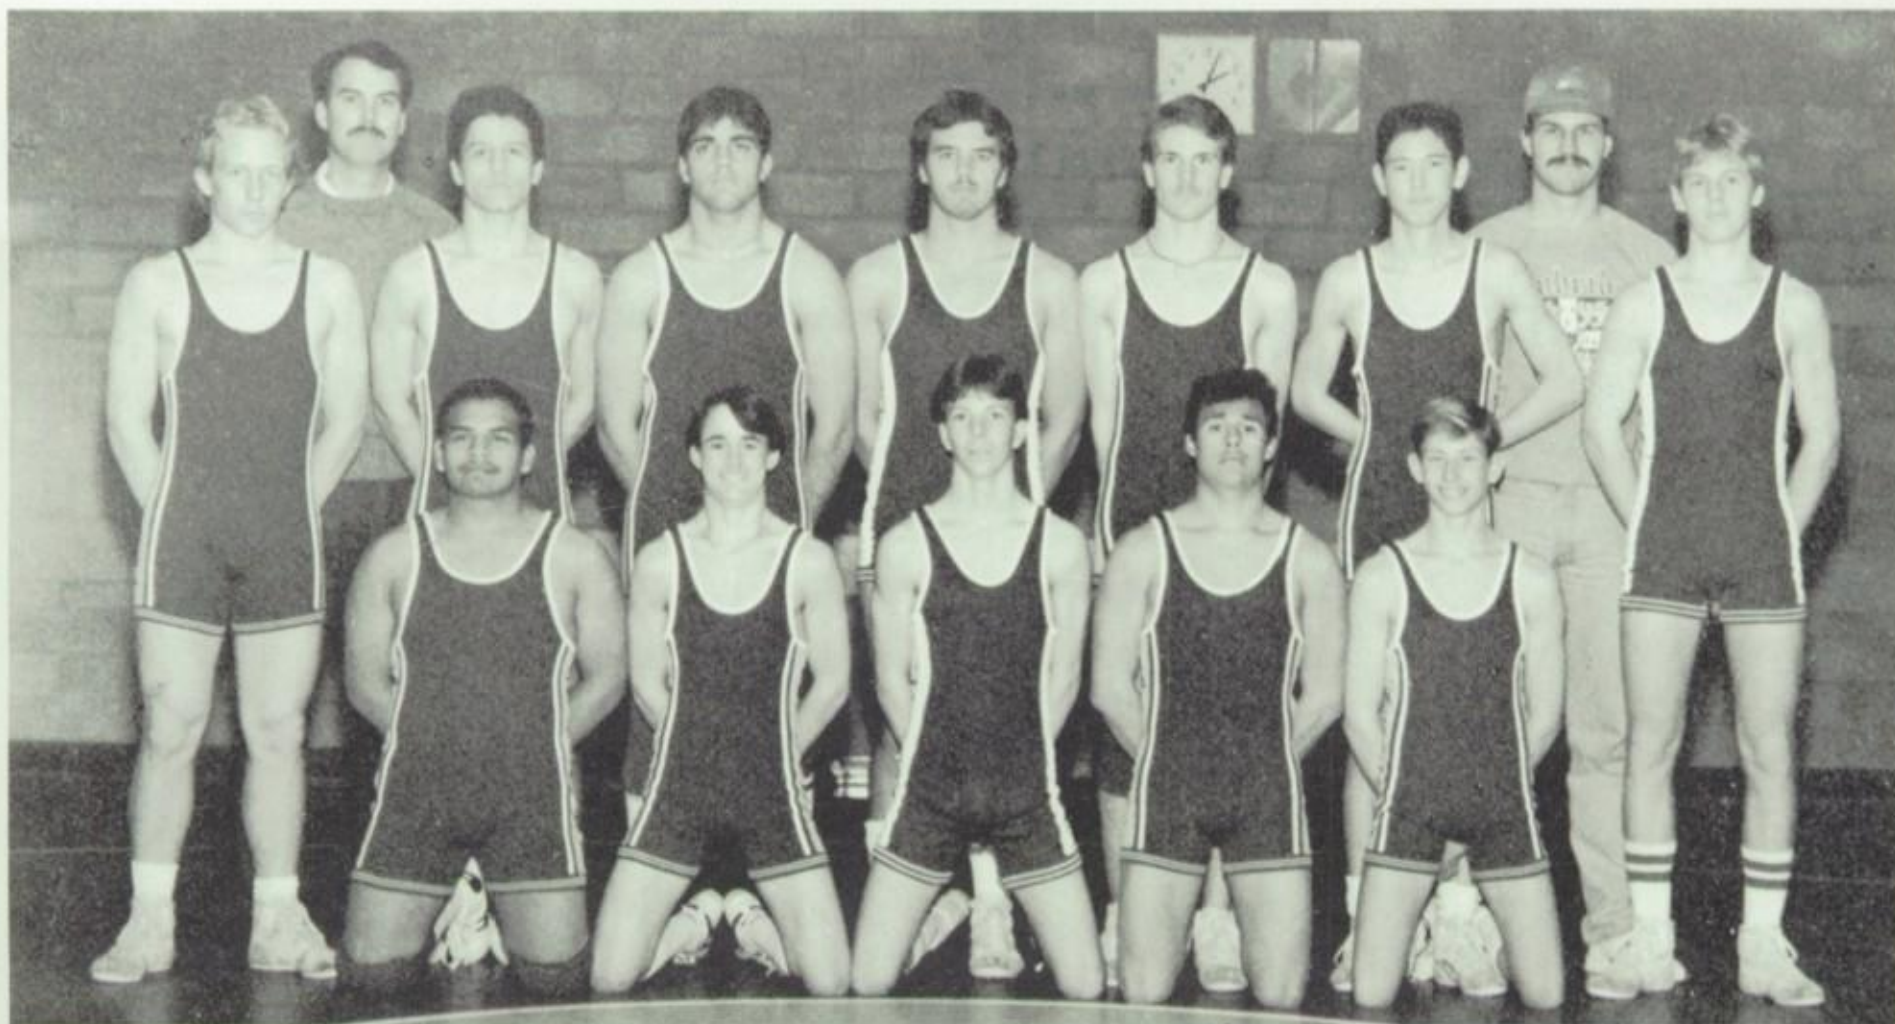

Because of the weight classification wrestlers before the meet go on drastic weight-loss programs by starvation and water loss to maintain their weight size. They must know how to maneuver body weight under pressure.

Mr. Piercy and Mr. Bright are the coaches this year. They have put in a lot of hard work and time to make these squad members what they are today.

The team is excited as one of their teammates is involved in a close match.

Top Row L to R: Jim Francis, Coach Piercy, Carlos Madden, Frank Stevens, Kevin Baughman, Craig Thornhill, Lance Lynch, Coach Bright, George Fedorka. Bottom Row L to R: Steve Garcia, Paul Franzen, Chris Sanders, Juan Quintero, Kenny Thompson.

Chuck Rushing eagerly awaits his match.

# CROSSCOUNTRY

## Runners

The 1986 cross-country team was remarkable this year. They completed their season with terrific success as a team. The boy's team had many problems but made it through the season. As a result of knee injuries and foot surgeries, they lost some key runners but did very well. They placed third at Rim Run, eighth at Yucuiapa Invitational, third at Perris Invitational, fourth at the Serrano Invitational, second at League Finals, and third at Mt. Sac.

The girls also did great. They placed third at rim Run, sixth at Yucuiapa Invitational, fifth at the Perris Invitational, third at the Serrano Invitational, and third at League Finals. At the last race, the League Finals, at Yuciapa, they all ran their best.

Tanya Thayer won the league in the girl's varsity competition with a time of 18:46. Tanya's best time of the year, however, was 18:10 at Mt. Sac Invitational. Nikki Mileski placed ninth overall in League Finals with a time of 22:53. The girl's team finished fourth in League with a 1-4 record.

Dale Wahl placed third in the League Finals with his best time of 17:01. Dave Kordyak placed ninth overall at League Finals. The boy's team finished second at League. Their record was 3-4.

Tanya Thayer runs away with the De Anza League title.

# BASEBALL

## Hardball

Coming into the season, the varsity baseball team had many things going for them: talent, experience, and dedication. And, through the coaching of Chris Piercy and Art Piersall, the team was able to realize its potential.

With most players back from last year's squad plus some talented players coming up from last year's frosh/soph team, the varsity team was able to successfully compete against the other tough teams in the De Anza League. As a result of the many returners, there was no problem with lack of on-the-field leadership. While the outfield was led by Hoyt Jarrard and the infield was led by Johnny Edgerly, the whole defensive unit was led by catcher Mark McReynolds.

This year's varsity team showed that the development of the baseball department was headed in the right direction. Finally, the team represented what could happen with hard work and determination.

## LONG BALL!

Although the frosh/soph baseball team lost many key players from last year's team, this was not a rebuilding year. Under first year Serrano baseball coach, Mr. Browning, the players worked hard to continue the success of past teams.

Led by determination and charisma, the frosh/soph team was able to remain competitive in the De Anza League. Being well drilled, the team was sound both on offense and defense. Keeping in tradition with former teams, there were many offensively minded people who possessed the ability to produce a run at any moment. Likewise the defense was not one likely to commit an error, therefore, keeping games close and within reach.

Even though the members of the frosh/soph team main goal was to prepare themselves to play on the varsity in the future, the team also had goals for this season in particular. Through their hard work and determination they were able to accomplish most of the goals. The frosh/soph team was able to complete a successful season by patience, work, and the coaching of Mr. Browning.

# SOFTBALL

## Sluggers

The varsity softball team of 1987 started off great. They won the first game of the season and continued to do very well. They put in hard work and time in order to succeed like they did.

Coach Mike Roberts has been the coach for the past three years.

Two freshmen tried out for the team this year, Stacy Ryan and Kimberly Mathews. Stacy, the pitcher had excellent control, while Kimberly played short stop.

Five returning lettermen from last year were Marya Piazza, Teresa Barber, Chrystal Berryhill, Shannon Ryan and Lisa Mendoza.

Overall the team was a good unit and always worked together.

## Softball

The girls' frosh/soph softball team of 1987 tried its best!

Mrs. Turrill had an easy time choosing the team, although Coach Roberts, the Varsity coach took three of Mrs. Turrill's strongest players. Even though that happened, the team, still had a great year. Not once did the players give up, at any time, they worked well together.

Mrs. Turrill, the coach, stated, at the start of the season, "It's a fun and exciting team. We are going to have a great year."

The team did really well throughout the year; hard work, great effort and practice was put into the season. Even though there were tough times, the team still stuck together to the end.

# FTO GO

## Fore!

The golf team had a tremendous year, losing no players from the previous year. The team was led by two-time all DeAnza league selection, senior Doug Mills, along with senior Scott Ewing. Coming off two frustrating years the '87' team proved to be promising. Eight players on the team had the potential to shoot under 50 on any given day. The team's toughest competition came from Aquinas and Big Bear High Schools. The toughest course in the league was located in the sand dunes of Twenty Nine Palms. Talented juniors helped the squad tremendously and also gave Mr. Martin hope for next year's team. Serrano's home course was Spring Valley Lake Country Club. To get to the course the team left after fifth period on Tuesdays and Thursdays for the club. On days they didn't go to the course they were seen chipping in the front of the school or practicing driving, on the range located behind the school by the gas tank.

# TRACK

## Runners

The Serrano Varsity Track team of 1987 performed very well against talented competition. The DeAnza League record-holding-mile relay team attempted to defend its league title from the fast pace set by the competitors. The distance squad also had a strong showing led by Dave Kordyak, Dale Wahl, and Larry Schmidt, all seniors. Junior Kevin Baughman fared very well in the shot put and the discus events. Speedster Ed Broderick led the team in the 100, 400, and 800. Many of the team's goals, and lots of personal records, were set during the year.

Larry Schmidt takes off on the long jump.

This years' girl's varsity track team was expected to do well and through hard work and determination they were able to accomplish this. Not only did the members of the team try to successfully compete on the track, but they also strove to have the best sportsmanship possible.

The track team was led by three underclassmen this year: Melanie Laich, Marci Muir, and Tanya Thayer. These three, plus the other members of the team, were a challenge to other De Anza League teams. Much credit must be given to the coaches who molded these girls into skilled and conditioned athletes. The head coach this year was Tom Burleson and he was aided by a variety of assistant coaches.

There were many memorable moments from the girl's varsity team. Besides both winning and losing this year, much hard work and dedication was involved. Of course, the season had its high and low points (including embarrassing moments), which made the season even more enjoyable.

# PEP SQUAD

## CHEERLEADING

The thing every successful Varsity Cheerleading Squad needs is what Serrano had ... we had pep, energy and above all spirit.

This enthusiastic squad consisted of five seniors and two juniors. The seniors were: Kailene Biunno, Cassie Cummings, Denise Funk, Marya Piazza, and Sherry Ventresca. The Juniors were Brenda Benson and Tiffany Stonecipher.

The girls worked very hard during the year performing routines and promoting spirit-lifting cheers for all varsity sports ranging from girl's basketball to wrestling.

The squad attended USA Camp in Irvine and brought home one spirit stick and a superior rating as a group. Each girl was honored with a superior in individual routines with the exception of one who received an excellent.

## Frosh/Soph Rah Rah's

These "peppy" J.V. Cheerleaders generated spirit within themselves, as well as at the school.

Consisting of two freshmen and eight sophomores. The squad was inspired and spirited. The two freshmen were: Jennifer and Stephanie Amberg, and the sophomores were: Michelle Burcher, Carol Pestana, Lisa Jacobsen, Kacie White, Julie Jeavons, Julianna Reuter, Becky Quinn, and Renee Thompson.

The cheerleaders' spirit was evident at various sports functions.

 2 — Let me see it! Cathy Strickland, and Bonnie Pierce.  
 3 — We are the Amigos! Don Worley, Dale Wahl, Dave Kordyak, and Tony Chayez  
 4 — I'm just hanging out with the guys! Trista Irvin

# Friends

What is a friend? Is a friend someone you talk to and tell your problems to, so he can tell other people? Is a friend someone you talk about behind his back? No, I didn't think so: A friend is someone you should be able to count on, a person you can tell your problems to and have them go nowhere else but into their heads. A friend is someone special, sweet and loving.

There are many different types of friends; it all depends on what you consider a friend to be.

A friend is a person you can double date with; you can go to the mall with, or you can go to parties with. A friend is a person you can go places with and have lots of fun.

A friend is understanding and sometimes taken for granted, but, in the end of it all, he or she still is and always will remain your friend to keep.

1 — "Hey no pictures now, we're not ready!" Miranda Ayala and Cynthia Huiner.

2 — Off to class Cherish Williams and Jennifer Payne go!

3 — Come on, hurry, we're going to be late! Don Fish, Kurk Hoppe.

4 — Kailene Biunno and Sherry Ventresca going over a question in class.

5 — Laurie Bievenue, Tracy Thomas, and Jennifer LaGuardia are contemplating on their questions.

- 1 — Renee Myers and Teri Hamilton on their merry way!
- 2 — Sean Singletary is happy to carry the wooden box.
- 3 — Tony Chavez, Dave Kordyak, and John Heiber are just hanging around.
- 4 — Paul McAfee, "Ah, would you look at that adorable face of Chris Caskey!"

# EARLY BIRDS

## LATE BIRDS

"Early Birds" were the students who arrived at school early in the morning on a regular basis. Some of these students arrived at school as early as 6:45 am and proceeded to battle the elements of snow in the winter and heat in the summer. Here they waited until the halls were opened and school began. It is said that the early bird catches the worm but all that these Early Birds caught were colds and coughs. Most of these students arrived early because parents dropped them off while going to work.

The name "Late Birds" goes to those students who stayed after school for sports, using the library, waiting for rides home, or just hanging out with the gang. Sometimes these Late Birds did not get home until the hours between 7 and 9 pm. because of playing for the school team or being a sports spectator. However, one looks at it most of these people are dedicated students or they must like school very much.

 2 — "Yummie, I love pizza" says Marci Muir.  
 3 — Is lunch time really all that bad, Becky Brundage, Terri Fowler, and Christine Cabrera?

# LUNCH

Lunch was not just a time to eat anymore, it was a time for a variety of activities. Such things as meetings, pep rallies, and, of course, socializing were just a few of the events that took place during that almost holy half-an-hour.

Socializing, perhaps, was the most popular and important event that occurred during lunchtime. During times of warmth, the grass area was filled with bodies which listened and discussed the latest gossip. On frigid days, the cafeteria was jammed with students making the noise level exceptional.

To heighten spirit, many meetings and pep rallies were held at lunchtime. The pep rallies, held for the football games, provided spirit and something rare — entertainment. On the other hand, meetings served to inform the students. Class meetings allowed the student to know what was happening in his class, such as upcoming fundraisers and contests.

Lunch was also used in the traditional manner, for eating. Whether bringing a lunch from home or buying one, almost everyone looked forward to lunch to relieve his hunger pangs. As usual, junk food was the most popular food item, but many people brought their own lunches. Still other people ate tidbits from their friend's lunches.

Lunch, to many, was the most important part of the day, except for the bell ending school. It was a time where many things were accomplished, including feeding your stomach.

1 — Clint Rogers laughs while Leo Spata listens to the secrets the walls have to tell.

2 — So many different personalities at one table. Photogenic Mark Kirkland, hungry Mindy Nolan, and camera-shy Randy Beam.

3 — Time out for lunch!

4 — Wait your turn, Rick Felton; Dave Kordyak isn't finished yet.
